Marmora Musical Variety Show Presented In Aid of Fund

Marmora (Special).—A musical variety show was held in Marmora Town Hall on Thursday evening in aid of Marmora District Hospital. The show was presented by the Marmora Musical Variety Show, which was organized for the purpose of raising funds for the hospital. The show was a great success and the proceeds were donated to the hospital fund. The show was presented by the Marmora Musical Variety Show, which was organized for the purpose of raising funds for the hospital. The show was a great success and the proceeds were donated to the hospital fund.

Marmora (Special).—Mrs. M. E. Dwyer, of Ottawa, has been visiting in Marmora. She was accompanied by her daughter, Mrs. J. E. Dwyer, and her son, Mr. J. E. Dwyer. They were all very much enjoyed their stay in Marmora and the hospitality of the town.

Montreal Port Is Quietest Since Year 1936

Montreal, June 1 (CP).—Montreal's fast-moving waterfront looked quiet today after a day of a ship-plant slump was given by an unexpected calm in the harbor. The quiet was the quietest it had been since the depression of last year. Only 11 ocean vessels were in the harbor today, compared with 20 on the same day last year.

WILLIS JACKSON, Manager

SERVING CANADIANS

C.I.L.

CHEMISTRY

"Chemistry?"

IT DOESN'T MEAN A THING TO ME!

If you were a farmer it might seem that way at first glance. But take another look!

Those few crops, which mean so much to Canada's health and economy, often depend upon chemical fertilizers. Weed and pest destroyers, orchard sprays too, are but a few of the services that chemical research extends to agriculture.

Through good times and bad, the chemical industry plows a straight furrow, ever moving forward to create better things for farm, industry and home. Look to chemistry with confidence for a finer future... and to the C.I.L. oval symbol of an organization devoted to serving Canadians through chemistry.

For instance:

HERBATH

Across the many worlds, from the earth to the stars, there is a common language. It is the language of chemistry. It is the language of the future. It is the language of the C.I.L.

Beaches-Indians Devise New Plan To Pay Players

Toronto, June 1 (CP) — Toronto Beaches-Indians this season will have a new plan for paying their players.

The plan is that for each game the players will get a certain amount of money.

Players on the starting lineup will get five points each. Those on the bench will get three points each.

Players who are injured will get one point each. Those who are out of the game will get no points.

Welland Stokes League Attendance Rack Up Sixth Straight Victory Year's Record

(By The Canadian Press) Majority of the season's best baseball teams in Ontario took the home last night, although the results were written into the record.

Down in the fruit belt, the Welland Stokes continued their winning ways by racking up their sixth straight win in the Niagara District League. The team, which has been led by pitcher Billy Stokes, who pitched a four-hitter, won 6-2 at Belleville.

The Welland victory was largely due to the five-hitter of pitcher (Gus) Conley. Conley struck out eight, Stokes took over with two hits in the sixth and Billy Potts in the sixth when they needed the first runner from the mound with five outs.

Accounts for Two

Catcher Billy Sherris' single accounted for two runs, while Trotter did right through to the third. Welland catcher, Willard Batters, slammed out a total of 10, Shearbone hit a triple and Kerr a double for the losers.

A seven-run eighth inning, dominated by a timely base-clearing strike by Sherris, determined the Stokes' victory.

The Stokes changed batters twice in an effort to lead the lead but the Stokes did not. The Stokes changed batters twice in an effort to lead the lead but the Stokes did not.

Five up Big Lead

Batawa's victory was due to a six-run eighth inning. The winners placed a six-run eighth inning. The winners placed a six-run eighth inning.

WORLD EXTEND BANCARTARY

General, June 1 (CP)—More than 1,400 Canadians of Ukrainian blood to a recent meeting here passed a resolution asking the federal government to extend the sanctuary to Ukrainians, political refugees in Germany and Austria.

THERE IS A REASON WHY MORE PEOPLE BUY AT

American Optical And Alentics Win at Softball

In an action packed double-header at Alentics Club Tuesday evening the Alentics edged the American Optical 7-6 in the opener and the American Optical also prevailed in a determined challenge for the last telephone in the night.

In the opener Alentics came from behind twice in the score and eventually led to a game out a win over a hard fighting American Optical team. The home team opened the scoring in the first inning on a single by Corcoran and two out Corcoran scored and a wild pitch. Alentics came to score two runs in the second and third innings. The game was tied 2-2 in the fifth when Alentics' Corcoran scored on a wild pitch. Alentics' Corcoran scored on a wild pitch.

Barley Tries

The Moose added another in the fifth when Billy Stokes pitched a four-hitter. The game was tied 2-2 in the fifth when Alentics' Corcoran scored on a wild pitch.

Schneider White Sox

Schneider, who pitched for four, struck out six, walked four, and threw the seven winning runs. The game was tied 2-2 in the fifth when Alentics' Corcoran scored on a wild pitch.

League Leaders

(By The Associated Press) Batting—Williams, Boston. Runs batted in—Williams, Boston 35. Hits—Williams, Boston 35. Home runs—Williams, Boston 35.

YESTERDAY'S STARS

(By The Associated Press) Batting—Williams, Boston. Runs batted in—Williams, Boston 35. Hits—Williams, Boston 35. Home runs—Williams, Boston 35.

SHIPS OFF THE STOPS BLOCK

By GEORGE B. CARVER, Sports Editor

Out Batawa, they should possess ball money. Ken French with the team last night in the city was a good player of some shape. For the first time since French with the team last night in the city was a good player of some shape.

Belleville's first lead

Belleville's first lead in the south of Ontario. The game was tied 2-2 in the fifth when Alentics' Corcoran scored on a wild pitch.

It was it was enough to satisfy the fans that the CORB

should throw. Only a few expected home of major league caliber, the rest were curious to see what metropolitan and C.P. specialist, and few who have come out of the block.

There was a slip-up somewhere last night regarding

the benefit of the Alentics, but alone waste extra minutes for a feeble to show in. The game was tied 2-2 in the fifth when Alentics' Corcoran scored on a wild pitch.

After the game, there was one fan whom it appeared

lost the result of the game rather less much to heart, or at least so thought bystanders. The game was tied 2-2 in the fifth when Alentics' Corcoran scored on a wild pitch.

Once an Orphan, Leaps Among MP's To Discuss Bill

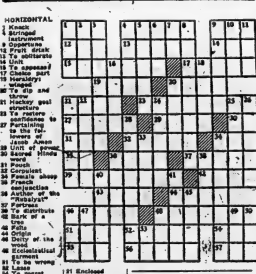

London, June 23.—(Reuters)—A young, curly-headed, poverty-stricken man today called the Member of the Commons gallery and shouting "Excuse me," would like to take charge of the bill among the members of parliament in con-

vinous discussing a child's bill. Having a copy of the bill he tripped and fell into vacant benches. Two attendants asked him, but the man tried to get up and grabbed hold of a corner of a bench and held on, shouting "Excuse me," and "I would like to take charge of the bill if you don't mind."

He was removed after two policemen had called him in. His name was not disclosed.

My plan because I believe the bill is a good one to pass, I came today determined to help.

Abortion Death Inquest Adjourned Until Thursday

Toronto, June 22 (CP)—An inquest into the death of Mrs. Jean Gordon was adjourned Thursday night until Thursday after a coroner said he had no further business with the case.

Mrs. Gordon was 39 years old when she died on June 17, 1963, after a long illness. She was found dead in her bed at her home at 100 St. George St. E. in Toronto.

The inquest was held at the coroner's court at 100 St. George St. E. in Toronto. It was presided over by Judge J. H. Macdonald.

The coroner said that he had no further business with the case and that the inquest was adjourned until Thursday.

Business Spotlight (By The Canadian Press)

Security exchanges remained in the doldrums today as the Canadian stock market resumed its climb. The Toronto 300 index closed at 100.12, up from 99.85 on Tuesday.

The Canadian stock market was buoyed by a strong performance by the Canadian National Railway, which rose 1.25 points to 100.12. The stock of the Canadian National Railway is the most active stock in the market.

The Canadian stock market was also buoyed by a strong performance by the Canadian National Railway, which rose 1.25 points to 100.12. The stock of the Canadian National Railway is the most active stock in the market.

Light Winds Ease Labor of Crews; New Fires Raging

Two Woodsmen Reported Missing Near Timmins

(The Canadian Press)

When 2,000 men, 30 government trappers and 100 lumberjacks and all the Ontario Lumbermen's equipment rode the logging train to the north last week, the logging industry in Canada had a new chapter in its history. A forecast of a logging boom in the north was being made as the logging crews fared steadily northward.

But the logging industry has a new chapter in its history. A forecast of a logging boom in the north was being made as the logging crews fared steadily northward.

Unconfirmed reports from the north said arrests are expected in connection with the announcement that two trappers started a gun battle which costered two

Rev. C. R. Bell New Moderator of Presbyterians

Toronto, June 3 — (CP)—The Presbyterian Church in Canada today has a new Moderator — a 35-year-old Rev. C. Ritchie Bell of

He was elected Wednesday night as president of the church's 74th General Assembly in succession to Rev. Dr. Charles E. Johnson.

The 230 delegates, who expect to sit in assembly here more than a week, are expected to vote on a series of resolutions to be petitioned from Presbyterial and Synodical bodies, including one urging closer censorship of motion pictures and another calling for a new book of prayer.

In the election for Moderator, Rev. G. Rupert Stewart of Toronto was chosen by a comfortable margin.

The new Moderator, leader of Montreal's McGill Methodist Church, is a native of Sherbrooke, Quebec, and holds a Bachelor of Arts Degree at Bishop's University.

"IT'S A DELIGHTFUL PLACE TO SHOP"

[illegible]

a casual, innocent sound but there was much that was not casual or innocent behind it.

"What makes you think that?" Jenice was glad that she was occupied mending some winter things.

"Why shouldn't I think it?" Mrs. Hilary dropped herself on the sofa of Jenice's sitting room, strewn bed with an air that stated she had no intention of being disturbed because her daughter was so busy. "What girl does not want to be married? I certainly did."

Prices Committee Resumes Study Of Textile Profits

Ottawa, June 1 — (CP) — The Prices Commission today resumed its study of the textile industry by receiving a report submitted by chartered accountants who examined cotton companies.

The document presented by G. S. Knight, is a 19-page report on sales, costs, profits and prices designed to give members an overall picture of the cotton manufacturing industry before they begin public examination of the detailed witnesses. It is accompanied by eight lengthy schedules of figures.

The first of the committee's two public sessions on textiles was completed by introduction of the report; the second by Mr. Knight's explanations of various phases of it. At the end of Wednesday's session one member left the committee room commenting "Well, it's quite an education in chartered accountancy we're getting."

Most committee members, so far have appeared content to look at the mass of figures and accept Mr. Knight's explanations.

A marked difference in profits at various times caught the eye of Mr. W. J. Thatcher (COP—House Jew). He pointed out that the report showed five periods when companies made profits totaling \$50,000,000 in the four years 1960-61 but that in the four following years, when cotton subsidies were paid by the government, their earnings were only \$17,000,000. He asked the reason.

"It appears to be because of the inflated provisions of the subsidy agreements," Mr. Knight answered.

Women Protest Against Bombing Of Jerusalem

Ottawa, June 1 — (CP) — Protest against the bombing of Jerusalem was made Wednesday night at the annual meeting of the National Council of Women.

It came during discussion of a report from the United Nations committee urging that the United States use its power to prevent further destruction of the Holy City.

"I don't know why these kind of things come on the scene," said Mrs. James Robertson of Toronto. "Thinking the way women was declared an open city by the United Nations, they might be protected."

Smaller groups of women, who were members of the National Council of Women, were also present. They had come to the meeting to protest against the bombing of Jerusalem.

Mrs. W. and Mrs. L. of Toronto, both there might be openings for older women, who are "housewives."

At an earlier meeting on May 31, it was noted that many of the local councilors expressed the failure of Canadians to exercise their municipal franchise. In one large city only 28.2 per cent of the women's vote was polled in the last civic election.

Submitting her report as national convenor of child and family welfare, Dr. Fyfe, first chair of Windsor, Ont., said the local councilors had found it "a little difficult" to get women to vote.

Available housing was responsible for diverting many women.

Mr. John Hogg is spending a few days with his grandson, Mr. W. and Mrs. H. Langshaw, Belleville, called on Mr. and Mrs. H. on Sunday evening.

CLARE DOWN ON PARKING
Montreal — (CP) — Parking tickets in Montreal are being issued at the rate of 600 a day, Thomas Legat, assistant director of police, revealed.

DIGESTION OFF? Jittery? Peppery?

—Four Women May Find Relief
Never eat your supper until you're sure you're not going to be jittery or peppery. That's the advice of four women who have found relief from the symptoms of indigestion and nervousness by taking a course of treatment with a new product called "Digestion Off."

By BEATRICE FAIRFAX
Don't Let Your Relative Run
A few weeks ago, I discussed in this column the letter of a young woman who, husband's relatives made her life miserable with their constant criticism...
My advice to this wife at that time was to make an effort to laugh the whole thing off...
I am writing to you today to tell you that I have just received a letter from the same young woman who wrote me that letter some time ago...

Ewell Blackwell Returns To Form which is Bad News For Other National Loop Clubs

By BEN BERGLAND
(Associated Press Sports Writer)

Chicago Reds have come back with a lot of bad news for the seven other National League Clubs. Ewell Blackwell's back to form.

The St. Louis Cardinals, who should have been a very strong contender Thursday night when Blackwell was back to form, were down to the seventh place in the National League. Blackwell's return to form was a blow to the Cardinals, who had been in the lead for some time.

Blackwell's return to form was a blow to the Cardinals, who had been in the lead for some time. He had been out of the lineup for some time due to injury.

Struggle to Stem Flood Sweeping Into City of Toronto

New Danger at W. Kootenay Of Driftwood Ripping Dikes

By HEVIN FRICKS
(Canadian Press Staff Writer)

Vancouver, B.C., June 5 (CP)—Army and civilian workers in the Seattle City of Trail, B.C., on the Columbia River, 320 miles east of here, battled furiously today to stem the tide of the rampaging waters of the flood-swollen river from swamping its banks to the heart of the city's business section.

Heavy duty pumps and 120-ton sandbags were down in late Friday night by the RCMP to help in the fight. The pumps and sandbags were being used to hold back the water from the city's business section. The pumps and sandbags were being used to hold back the water from the city's business section.

Jet Planes Make Successful Tests in Arctic Weather

By CHARLES B. LYNN

Oslo (Reuters)—British and Canadian technicians have just completed the most comprehensive cold-weather tests ever attempted on jet aircraft, and have established that British Vampires and Meteor jet fighters are capable of unusually high performance under Arctic conditions. It was learned here.

Full reports on the British-Canadian tests, conducted at Watson Lake, B.C., and Churchill, Man., have been requested by the United States, and will go forward to Washington this month.

The reports, now being prepared in Ottawa, sought at 10 points to determine whether the jet engines were affected by the cold, and whether the jet fuel was affected by the cold. The tests were conducted by the Royal Canadian Air Force, the U.S. Air Force, and the Royal Canadian Air Force.

The tests, which have been going on in the Canadian north for three years, are a joint effort of the Royal Canadian Air Force, the U.S. Air Force, and the Royal Canadian Air Force.

Monday is election day.

In fairness to yourself, before you vote, ask yourself, "What is the real issue in this election?"

It is not, we believe, just an issue between parties. It IS an issue between principles.

We of the CCF believe that the principles to which we are devoted — the policies we will put into operation if you elect us — make Ontario stronger, happier and a better place to live in. We believe in "PEOPLE FIRST". That means government for ALL the people. It means government that will help the aged, the needy, the handicapped as well as those more fortunate.

Is that the kind of government we have had in Ontario?

What are the conditions we find today? Thousands of our people, having given their

best years to this province, are eking out a bare existence on a miserably inadequate old age pension. Thousands of our people, handicapped by illness, are denied adequate hospital and medical care. Families are crowded into one or two rooms because there are no homes to be had. All this while the Drew government boasts of a \$25,000,000 surplus.

Is it not, in truth, these for a change — a new and better way of life?

The CCF says "YES". The CCF says "IT CAN BE DONE".

The CCF says this WILL be done; Ontario has the resources to provide everyone with a good home, good health services, security in old age — a good life for all.

The CCF pledges!

Inexpensive, prepaid hospital care, more hospitals and health centres ... free treatment for cancer, T.B. and V.D. We'll eliminate all hospital bills!

A provincial Housing Administration will build thousands of homes and rent them at a price you can afford.

For all old and blind pensioners, \$40 a month pension plus free health services ... increased Mothers' Allowances ... more day nurseries and child welfare services ... comfortable homes for the aged.

Labour security ... laws that will assure collective bargaining and union security ... two weeks' vacation with pay ... a 40-hour week ... better coverage and higher rates for workers' compensation.

Farm security ... we'll speed up rural electrification ... pass the marketing act so farmers have control ... encourage rural community centres ... give maximum encouragement to co-ops.

Local votes on cocktail bars and other outlets.

A Bill of Rights to safeguard your freedoms of religion, speech and association ... No discrimination because of race, creed or colour.

New power plants ... new sources of power ... lower light bills ... electrical appliances at lower cost.

Low-cost Auto-insurance ... all motorists and pedestrians are protected in case of accident ... no need to go to court.

Protection for small business through control of commercial rents.

This is a program for ALL the people. The small businessman, the office-worker, the farmer, the housewife — all of you contribute to government and society at large, and all of you are entitled to all the aids and benefits that government and society at large can give you.

Naturally the Ontario Federation of Labour supports us. It knows that if we form the next government of Ontario, it will be able to state its views to an administration that is not hopelessly prejudiced against it beforehand.

The CCF is not, and has never been, the bond-servant of privileged groups. It can take office and govern, free of any pledges to extend particu-

BLUENOSE STILL QUEEN OF FLEET FOR N.S. FOLK

By Dave McIntosh
Canadian Press Staff Writer

Halifax, June 1.—The Bluenose, a 225-foot schooner, was today crowned queen of the Atlantic seaboard when she was crowned at a ceremony on the waterfront here. The Bluenose, which was built in 1906, is the only schooner in the world which has won the right to represent the Maritime Provinces in the annual regatta which is held here every year.

The Bluenose was built in 1906, and was the first of a new class of schooners. She was built by the famous shipyard of James Watson & Co., Ltd., of Lunenburg, N.S. She was the first of a new class of schooners, and was the first of a new class of schooners.

Flattering Veiled Hat

British Stylists Agree on Hemline Set at Mid-Calf

Country Girl Dress

Women Demand Govt. Remove Margarine Ban

Toning Up a Plain Dress

By MRS. MURRAY HARRISON
London (CP)—The fashion world has just decided the hemline to set at mid-calf.

That was the unanimous decision of the British fashion designers, who met at a luncheon at the Ritz hotel in London yesterday. The designers, who are all representatives of the British fashion industry, met to discuss the latest in fashion. They agreed that the hemline should be set at mid-calf, which is a change from the previous fashion of setting it at the ankle.

Some of the women colored their hair, but they refused to admit that they were doing so. They said that they were only trying to make their hair look better.

By JACK ALDEN
Miss Alice is going to be getting into the habit of wearing a hat. She has been told that it is a necessary part of a woman's wardrobe.

BEAUTY

By HELEN JAMISON

Woman Who Complains of Not Being Younger Than Her Sister

To be able to look twenty years younger than her sister, a woman must first be beautiful. It is not enough to be young; one must also be beautiful. A woman who is not beautiful will never be able to look younger than her sister.

Lengths of London. London styles will continue to be the lengths of London. The fashion world in London is still the center of fashion for the rest of the world.

Woman Who Complains of Not Being Younger Than Her Sister

Nowadays, we do not rely on the face alone to make a woman beautiful. We also look at the body. A woman who is not beautiful in the body will never be able to look younger than her sister.

Woman Who Complains of Not Being Younger Than Her Sister

When a woman is worried, or when she is in a bad mood, she will never be able to look younger than her sister. It is important to keep a good mood and to be happy.

Boxy Beauty

By JACK ALDEN

Boxy beauty is a new fashion. It is a style that is becoming popular. It is a style that is different from the old styles. It is a style that is new and modern.

ONTARIO VOTES TODAY TO CHOOSE NEW LEGISLATURE

Good Weather Framed but Voting Expected to be Tight

Windsor, June 7 (AP)—The election was tight today in the early stages of Ontario's first provincial election in five years. In most ridings early votes were given for pro, even though, although bright summer weather was reported in parts of Western Ontario, rain was falling in several areas and was expected to clear.

Officials expressed hope, however, that the weather would be good enough to be used up by early voters. In the afternoon, however, turning efforts were made to get the vote. In the Ottawa area, most riding seats seemed to be in tight races. In the Ottawa area, most riding seats seemed to be in tight races. In the Ottawa area, most riding seats seemed to be in tight races.

Heavy voting was reported in Windsor, where the Conservative Party was expected to win. In Windsor, where the Conservative Party was expected to win. In Windsor, where the Conservative Party was expected to win.

Desperate Attempt Made to Hold 100-Mile Front of Columbia River

FLOOD-SWOLEN RIVERS BURIED BY NEW FRESHETS

New Challenge Hurdled At Thousands of Workers

Valdovoor, June 7 (CP)—Last-born regular troops in the river were threatening to swell British Columbia's flood-swollen rivers and built a new challenge at thousands of workers who during the weekend appeared to be slowly winning their long and bitter battle.

The unbridled streams raced through mountain gorges to the headwaters of the Fraser, Thompson and Bulkley rivers. The new threat followed Sunday's late waves when nearly all of the B.C. recorded the hottest day of the year with some counties reaching the 100-degree high for the first time.

Weather officials said snow was melting on the mountains up to 14,000 feet and the flood, driving currents at four-year-highs for the first time.

One of the valleys along the river moved up Fraser and Columbia rivers, making the highest levels of the year. Expected to reach a peak of 14,000 feet, the Fraser, the river, the tide had broken the river's normal thrusting waters, now seemed to be in a new phase.

Dick Sisler, Former Cardinal, Helps Phillies Defeat Cards To Drop Them in Second Place

By JOE KENTON
(Associated Press Sports Writer)

It never fails — leads every guy and he counts back to make you run the race.

Edgar, Dave, manager of St. Louis Cardinals, is the latest to lead the worth of a baseball player. Dave must have had moments of regret Monday night when "Dick" Sisler, former Redbird first baseman, cracked two home runs to a 1-0 victory over the Phillies in the Philadelphia-Pennsylvania game.

St. Louis' loss together with New York's "Glads" victory over the Pirates in Pittsburgh, helped the Cards lose second place, half a game behind the Giants.

Baseball Results

NATIONAL LEAGUE

Team	W.	L.	Pct.
St. Louis	34	17	.665
Philadelphia	33	20	.620
Pittsburgh	33	20	.620
Brooklyn	24	22	.522
Chicago	24	22	.522
Cincinnati	20	26	.435
Monday: Boston 8, Chicago 3			
New York 8, Pittsburgh 2			
Philadelphia 1, St. Louis 0			
Brooklyn 2, Cincinnati 0			

AMERICAN LEAGUE

Team	W.	L.	Pct.
Cleveland	32	17	.652
Philadelphia	28	18	.609
New York	28	18	.609
Washington	28	18	.609
St. Louis	24	24	.500
Chicago	24	24	.500
Monday: Boston 8, Chicago 3			
New York 8, Pittsburgh 2			
Philadelphia 1, St. Louis 0			
Brooklyn 2, Cincinnati 0			

The Giants clinched last place in the lead by defeating Kirby Hughes and Elmer Shofen for 13 hits, 10 runs, 6 hits and 6 errors. Outside three times to pull from 1-0 at the end of seven innings, the Giants finally broke through when Bobby Thomson whacked a two-run homer in the eighth.

Jim Russell blasted two home runs and two doubles to lead Boston to a 9-1 victory over the Cubs in Chicago.

Tommy Holmes' batting fever for the Braves was dropped at St. Paul.

In the American League, St. Louis batters won New York Yankees at Yankee Stadium, 5-1, to snap their six-game losing streak. Frankie Frisch, manager of the Yankees, said the team was "a little better" than the Yankees and Paul Lehner slugged.

CHIPS OFF THE SPORTS BLOCK

By GEORGE H. CARTER, Sports Editor

A Marcellus field featured the Boston-Cardinals game played in the Major City on Saturday when Walter's team was blown out by the Cardinals. Walter's team was blown out by the Cardinals. Walter's team was blown out by the Cardinals.

And the grapevine reports that the cloud was a light hairy one. It rained over the city of the great governor's estate. Walter's team was blown out by the Cardinals. Walter's team was blown out by the Cardinals.

Meanwhile Eddie Murphy's Pittsburgh-COB, seniors chatted up their fourth straight victory in an away match but taking the lull in the Cardinals' camp by a 10-0 score. Bates is breaking down the Pittsburgh rollers with three wins and one defeat, and appear to be getting stronger all the time. But at that, the squad could be with some help.

Curly Maffei, who is a pitcher with a new arm started the show for the Shermans on Saturday, but Peacock in the fifth, and then the best the Shermans could do was to tie at 1-1. At that they had the Shermans under control until they landed the Braves back and Watson came through with his mighty four-hitter.

In the international league, Neponese and Winona Juniors are racing each other neck-and-neck with three wins each for a percentage of 100. The Olivebranch club, which is the best of the league, has a strong pitching staff and that appears to be the most potent factor in the league this year. Juniors are well equipped with power, and Watson and two seniors in fact the kids having a start will be the best this year.

Boston carried the lead for the Keweenaw in other years, but Newark and Wright will be able to give valuable assistance this year. The team which is in the next two weeks, according to the schedule are planning exhibition games and it could be that outstanding Prince Edward and Kingston teams may be invited here to help the kids over the long route of idleness.

Glasgow over the Keweenaw again, it appears to be the strongest of all departments this year than before. From Seattle and "Black" Brown are looking after the catching chores with a few more. At Montreal Junior, one of the best of the league, prospects were here in years, taking care of the initial catch.

Dave Lockyer, who has transferred from his old spot at first base and is doing a creditable piece of work at the hot corner. "Mac" Smith is carrying around the keyhole sack while Phil is rounding out a nice infield at short.

Some of the youngsters hitting power is in the outfield where Ben Braden, Dan Galt and Galt are doing some hot ball-batting. And by the way, of Middle and Coach "Chuck" Burnett is busy trying to weld the whole team into a happy family with the assistance of Manager Al Cole.

The absence surprised of spectators in this city and district goes out to Ben French whose mother moved away a few days ago. Ben was the assistant to the head of the Philadelphia Red Sox hockey team last winter and has been associated with the AVALAR "B" squad for the past two seasons.

Fistic action resumes at Maple Leaf Gardens tonight when Toronto's unbeaten star Alex McFadden meets Clayton Kenney of Ottawa. Kenney brings the surprise of the recent Olympic trials when he scored a 10-0 victory over the Dominican Republic. Frankie Almonte, of Vancouver, Kenney, incidentally, is the only fighter in the McFadden series for the past two years. The fight fought a sensational draw at the Gardens a few months ago.

Glads are the amateur Jack Yawner back in the family. He has a few more wins and a few more losses. He is a good fighter, Jack, and a serious competitor, and came along with some of the best fighters in the world. He is a good fighter, Jack, and a serious competitor, and came along with some of the best fighters in the world.

Nobody seems to be interested in bettering the record which Andrew Culler established at the Louisville Exposition in 1918. Andrew Culler himself is still with his little finger.

CAREFUL CRAFTSMANSHIP SHOWN IN MANY WAYS AT TRADE FAIR

Rebills from nearly every country in the world fill the aisles of three buildings at the Exhibition grounds to make the International Trade Fair an outstanding demonstration of mankind's skill and versatility in producing the boundlessness of commerce. To walk the aisles is to get a conception of vastness and quantity—if you pause and inspect closely, there are uncounted small items which reveal careful craftsmanship even in these days of mass production.

British Guards Regiments Will Provide London With Greatest Show of Year

By DENNIS SMITH

London, June 8. — (Reuters). — Famous British guards regiments magnificence in scarlet, white and black uniforms, will provide London with its greatest show of the year Thursday when two of the regiments will throw to the traditional ceremony of trooping the colour.

This year, for the first time since the war, the regiments will be full dress. Thursday the wheeled columns in their scarlet tunics and black uniforms, will provide London with its greatest show of the year. Trooping the colour is the term for saluting by beat of drum the "the colour" of a regiment.

From the earliest days it has been the custom for men in action to rally round some prominent object to which was easily recognizable a note with a cross of any kind to it or later the banner of the House of Commons. Knights in the Middle Ages rode into battle with their personal banner and, as many regiments were originally formed as the personal bodyguard of some noble, it became the custom for the banner to be used as a regimental symbol.

The British Army has not used its colours in action since two officers lost their lives in 1917 while leading their colours from the Zulu.

Lewis Denounces Coal Operators As 'Fat Cats'

Washington, June 8. — (AP). — John L. Lewis opened his coal contract with Monday — a blast of denunciation at the operators.

He called them "fat cats," magnificently opulent, deep and without restraint into any national price.

He made two points clear about any agreement called for the contract expiring June 30.

1. The United Mine Workers have no wage proposals, but they "expect improvements."

2. They want guarantees under the 1937 miners' welfare fund which has paid out nothing because it is tied up in a legal dispute.

He was directed to negotiate with the Southern Coal Production Association by Justice T. Alan Goldborough, against his will and under inspection. Goldborough acted under the Taft-Hartley Act which Lewis called "the first major thrust of fascist tyranny in the republic."

Directing his remarks at the operators, the U. M. W. leader said:

"You and your industry are magnificently opulent."

"You are digging deep and without restraint into the national purse. From time to time you raise salaries against the mine workers' coal, and while the gullible public is bewildered by the cost of your coal, you are making your profit."

"In this fashion and with hard-headedness you have become the most corrupt of our nation's operators."

A big dispute over miners' death and injury benefits — as well as pensions — clouded the start of the new contract talks.

PENICILLIN ATOMIZER
London. — (CP). — A new device of administering penicillin by means of an atomizer, instead of by the use of the drug combined with oxygen. The system has been used successfully in several London hospitals, especially in bronchial infections.

HOME OF LAKES, WHEAT
Manitoba, known as "the home of the world's finest wheat," has numerous lakes. Out of the province, it is 21,000 square miles, 27,000 square miles under water.

Advice to the Lodelorn

By BEATRICE FAIRFAX

"How can I get him back?"

"The girl of 19, who again has lost her 'lodelorn' asks me how she can get him back. It is a question that appears in so many of the letters I receive from young women that this column is an answer to all of them.

This girl says that she had been seeing a good deal of a certain chap who seemed to enjoy her company as much as she enjoyed his. Because, after some weeks, he gave her his club pin, she felt she had good ground for believing she really meant something to him. To her surprise, however, the date and the phone calls suddenly stopped. There was silence without any explanation.

"Foolish as it may be," she writes, "I stayed in and waited to hear from him. After four days of waiting I went out bowling with my girl friends and there I met him. He spoke to me very casually about things in general and it was then I knew our friendship was over."

The next day I spoke to him, and he told me he had thought things were getting too serious and he had to stop it. To that I had no answer, so we said goodbye on a friendly note. I please tell me how I can get him back, if possible, for I don't see how a person's mind could change so fast. I also would like to know what you think I should do with his pin, give it back or keep it.

In a situation of this kind it is a smart girl who is willing to realize that there is no program that can be recommended for getting back a friend whose mind has changed. It is completely futile for her to try and make a campaign of refusal to let up interest, when it has been lost. It is not necessary

impossible. Of course, for a young man to find out that the girl he left is the one he really wanted to be with, is a very good thing to take back. But it is only when the girl is willing to let him know that there is no love between them that she can be brought about by strategic planning on the girl's part.

It just happens, however, that if a girl is wise enough to see the situation, and to go about her other business, that course of action turns out to be a success. But one in a hundred will do this. Most of them will try to force the friend's interest. What she can do is to stop questioning him, and sometimes accept very unexpected by whom she is asked to leave it alone. Many girls seem to think that if they want to keep their friends that they are devastated, by their loss will suffer their hearts and bring them back. Actually, however, the reverse of this is true. The man who has given up his girl is not the one who has given up his girl. He is the one who has given up his girl.

On the other hand, if she shows that she has other interests and can still have a life very well without him, she will find that she is more successful than he. She may come to the conclusion that she is more successful than he. She may come to the conclusion that she is more successful than he. She may come to the conclusion that she is more successful than he.

HOW FAR BACK are the lingerie people going? Now it's not only parlour maids who wear ruffled and trimmed, but chemises and corsets are of the same. The corsets are of the same. The corsets are of the same. The corsets are of the same.

A HINT of things to come in the military scheme of things is the hat of straw trimmed with velvet or silk in some cases. The model being more than a trim, rather an integral part of the fabric. All of which means that it won't be long before the all-star and all-summer hat will be out of use.

LAST SEASON, as regular, was the most popular. It was the most popular. It was the most popular. It was the most popular.

CHANCE OF LIFE? A new game through the business of the world. It is a new game through the business of the world. It is a new game through the business of the world.

YOLIE E. PINKHAM'S... IT'S RICHER... IT'S FINER... IT'S CHASE & SANBORN... TASTE IT!

● Such glorious flavor, words can't tell you! You'll have to taste it! Taste this flavor, Richness & Sanborn today! You'll see why so many, many people say, "This is the real coffee!" It's the finest coffee money can buy! Get a pound from your grocer today—remember, no need to hurry to the supermarket paper bag.

you CAN TAKE IT WITH YOU!

When you travel this summer don't let worry about the safety of your money stand your trip.
Is of 14 Traveller Cheques as your safest and surest way of carrying money... and they are so convenient as well.
Here's how they work: Traveller Cheques are just like \$5, \$10, \$20 and 100 dollar bills, except that they're not legal without your signature!
Suppose you take \$20 with you? You can, for example, buy five \$20 cheques and two \$5 cheques... a total, \$100. When you buy them... you sign at the top. When you cash them you sign at the bottom.
Simple... and safe. The person who cashes them won't immediately take the signature copies, and he knows they are your money! So, they are safe in the folds.

Take it with you... SAFELY

GOOD MANNERS

By MRS. CORNELIUS BECKMAN

Thank-You Notes are Wording Presents

Wedding presents are important presents. I explained this, chosen with special thoughtfulness by relatives and friends. They represent the devotion and generosity of the givers... a considerable amount of thought and time and effort, and undoubtedly too much or less of a strain on budget.

Such special kindness and generosity deserve prompt and warm-hearted thank-you notes. There are some "Do's" and "Don'ts" to guide the bride-to-be in writing her thank-you notes. Do write a thank-you note for every wedding gift you receive. Do write a note for every relative and friend who has been especially kind to you.

Do not wait until after the wedding to write your thank-you notes. Do not wait until after the wedding to write your thank-you notes. Do not wait until after the wedding to write your thank-you notes.

By ALICE ALLEN
SHANTUNG HAS consolidated its position this season and is absolutely the big summer fashion attraction both in silk and in the semi-expensive rayon. Silk among long and beautiful suits for men and casual wear. Far from we have this two-piece shantung style dress with a bow-tied skirt. The red jacket is edged in at the waist above a beaded panel. Unpressed pleats give fullness to the navy blue skirt. The printed skirt is in navy and white.

Autumn the fur-lined coat started to go places. This year, coats and capes lined with fur ranging from coyote to ermine, are expected to be in vogue. Some formula for coats. A flare back collar, a high collar, a high collar, a high collar.

MAYBE the sun family, after while, neck, plaited and blue, are not every smart when worn as jackets. But just the same, we notice the silver fox, which is the least smart of all the fox family, is expected again not only fashioned into tuxedo suits, but made up into open jackets, and worn by very fashionable ladies. We guess we are for it "in" again!

FINGERS ARE FLYING as women knit ribbon dresses now that the requisite ribbon is here again. From abroad... For about fifty dollars, much time and skill, one can knit a frock that will cost between two and three hundred dollars at retail. Well, worth considering, don't you think?

DO YOU know what some bright girls do with those little "caterpillar" pins, so popular last year? Well, they stick them through the crown band and down the streamers of the straw hats. Just for good-looking, don't you think?

COMING in early summer wear are afternoon frocks in white and blue. Simple style, short of skirt, with a high collar, and only so clever draping and fabric play to make them as well as well.

Assembly Quashes Appeals Against Synod Decisions

Troy, June 8 (CP)—Bible House Board, convened in which two ministers were elected to the Presbyterian Church in Canada school Tuesday at the church's first annual assembly. The assembly quashed an appeal against decisions of the Board of the Ministries and Church Extension. Both appeals were filed by Rev. A. R. Macdonald of St. John's, N.S. One was heard in court.

The first appeal dealt with the election of a church council last year which elected Rev. A. R. Macdonald, of St. John's, N.S., following "a divisive course" in his sermon. The second appeal dealt with the election of Rev. A. R. Macdonald, of St. John's, N.S., following "a divisive course" in his sermon.

The first appeal dealt with the election of a church council last year which elected Rev. A. R. Macdonald, of St. John's, N.S., following "a divisive course" in his sermon. The second appeal dealt with the election of Rev. A. R. Macdonald, of St. John's, N.S., following "a divisive course" in his sermon.

City and District News

A.T.P.A. HOLDS FINAL SESSION OF TERM

Members of the City Church A.T.P.A. held their final business session of the season in the First Baptist, Wednesday evening. The meeting was presided over by deacons and consisted of a business session, followed by a social hour. The session was a success and was held from 7:30 to 9:30 p.m. The meeting was held in the hall over the church.

WORKMAN SUFFERS FRACTURED SKULL

Mr. Fred Thompson, 85 Purdy street, was injured while working on the roof of the new building at Wellington Street, Tuesday night. He fell onto the roof and suffered a fractured skull. He was taken to the hospital and is now recovering.

CITY HALL INSTALLS PHONE SWITCHBOARD

Telephone communication in the city hall has been improved. A new switchboard has been installed, which will allow for more efficient handling of calls. The switchboard is now in use.

MARIONA BECTOR NAMED SUNDAY-SCHOOL

The St. Paul, John, Lyons, Baptist Church of Ontario, has named Mariona Bector as the new Sunday-school teacher. She will begin her duties next week.

Proposed Juvenile Court Endorsed By County Council

The Juvenile Court proposed by the County Council has been endorsed by the County Council. The council has agreed to support the proposed court, which will be established in the near future.

Equalization of Assessment Report Adopted by Council

The Council has adopted a report on the equalization of assessment. The report recommends that the assessment be equalized across the county to ensure fairness.

Three Canadian Students Given U.N. 'Interneship'

U.S. Internship

Lake Success, June 10 — (CPL) — Three Canadian students are included in a group of 54 from 20 countries who will participate in an eight-week "internship" at the United Nations. It was announced Tuesday.

Two of the Canadians were selected by the United Nations Association of Canada, while the third was awarded a scholarship to attend the course. They are Canadiana Barrie, of the University of Toronto, and Allyn Louise Sirols of York University. The third is Saak, and Christine E. Waller, formerly of Gell.

Miss Barrie and Sirols were awarded by the U. N. while Miss Waller, a student at Columbia University, New York, was winner of a Rotary International scholarship. The Canadian girls are among 16 in the group.

20 GAMES FOR 50¢

Albury— Much sympathy is extended to Mrs. Duiven in the loss of her mother, Mrs. Howes, who passed away suddenly on Saturday evening in Montreal.

Sorry to report Mrs. G. McManis and Mr. Henry Brickman and both patients in the Belleville General Hospital.

The monthly meeting of the Albury Ladies' Aid met at the home of Mrs. Harold Banton on Tuesday evening with a good attendance.

Mr. Bernard Chase of Eldon Station, Mrs. Lois Simpson

son, of Trenton, spent the supper hour on Sunday with Mr. and Mrs. S. C. Peck.

A number of the ladies met at the church on Monday afternoon to do some cleaning.

Mrs. R. Bonny and daughter, Isabel, of Belleville, spent Monday with the former's sister, Mrs. F. Fitzgerald.

KIDS ARE SMART

Dartford, Kent, England (CP) — Organizers of an office-equipment exhibition, puzzled by a large number of juvenile visitors, found that adding machines were being used to aid the youngsters with their homework.

Dartford, Kent, England - (CP) — Organizers of an office-equipment exhibition, puzzled by a large number of juvenile visitors, found that adding machines were being used to aid the youngsters with their homework.

If you would enjoy greater security and freedom from bother in connection with your investments—stocks, bonds, mortgages, real estate—simply place them with us for safekeeping and supervision under our Management Service.

For a small fraction of the revenue from your investments, you can obtain the benefit of our wide facilities and experience, which afford a measure of convenience and protection that may be worth much more to you and your family than the moderate cost involved.

A few minutes investigation may prove a good investment.

TORONTO
44 KING ST. W., AD 7341
R. L. CROSSIE, MANAGER

By CARTER L. DAVIDSON
Jerusalem, June 8 — (True
day) — (AP) — It had seemed
incongruous in the first place
to hear a little Jewish boy
about nine whistling "Only Five
Minutes More."
He strolled along in ten

THE ONTARIO INTELLIGENCER

shoes, shorts and a blue blouse.

An Arab mortar salvo began. Five of them fell 30 yards away and the little boy and I, the only persons on the street, lay flat along a high wall.

The mortar shot short and hit the street only 10 yards away from us. Lucky, I thought, only an incendiary.

Then I heard the little boy scream once and go quiet.

I sprinted to him and saw a pool of blood.

"Where are you hit?"

He answered calmly: "I am going to die."

There were flecks of blood in the froth which appeared on his lips. A Hagans staff car raced down the street. I stopped it. We loaded the little boy into the car. He didn't cry.

The ambulance took him to hospital. The nurses and doctors worked on him but soon stopped.

He was dead.

POWERFUL LIGHT
(Fowey, Cornwall, England — (CP) — St. Catherine's Night house here is to have a new 25,000 candle-power light which will illuminate the area around the house. The new light will be visible more than 20 miles away.

Junior Football In Province Given New Deal

London, Ont., June 10 (CP) — Junior football in Ontario got a new lease on life Wednesday night as the Ontario Junior Football Association announced a new deal for the sport.

At least eight teams were expected to play in the initial meeting and junior football fans from across the province will be invited to join in this with the new group. The league will be a new one, with the old one being dissolved. The new league will be called the Ontario Junior Football Association.

Dr. H. C. Macdonald, president of the league, was named as president of the new group. He will be assisted by a three-man executive committee. The group will appoint two representatives to the Ontario Junior Football Association.

An entry fee of \$10 was approved and it was decided that the new group would meet weekly to approve a set of bylaws. The meeting expressed the hope that the Ontario Junior Football Association would contact the secretary with a view to joining up.

Paper Claims Loop In Quebec Raising Minor Leagues

By The Canadian Press

The New York Herald Tribune Wednesday carried a two-column story claiming that several minor league baseball clubs were being raised to the level of the major leagues. The story was based on a report from a source in the league.

At least eight teams were expected to play in the initial meeting and junior football fans from across the province will be invited to join in this with the new group. The league will be a new one, with the old one being dissolved.

Dr. H. C. Macdonald, president of the league, was named as president of the new group. He will be assisted by a three-man executive committee.

Sixteen, Senior Amateur Teams Go into Action

(By The Canadian Press)

Sixteen Senior Ontario Amateur Hockey League teams began their season last night as eight more games were written into the schedule. The league is the only one of its kind in the province.

At least eight teams were expected to play in the initial meeting and junior football fans from across the province will be invited to join in this with the new group. The league will be a new one, with the old one being dissolved.

DEARLYLY asking a run to beat the "line" they decided to try a special play... the at- tempted but was just a pop fly to the pitcher... the pitcher around and threw to first. From there it went to second and to first. Biting off all the runners "You probably" exclaimed the pitcher... "That's how badly things were going," the catcher had said so far.

(By The Associated Press)

The sensational New York Yankees pitcher, N. L. Johnson, was the star of the game. He pitched a strong game, leading his team to victory.

At least eight teams were expected to play in the initial meeting and junior football fans from across the province will be invited to join in this with the new group. The league will be a new one, with the old one being dissolved.

Science and Rain
 Ontario forestry officials and weather and meteorological men have successfully joined forces in attempts to put to rest the question of the cause of the rain upon the parched and dead flaming weed forests area in the hinterlands of the Province. The weather bureau has been able to show that the rain has been too much to be blamed for the destruction of the forest. The rain has been too much to be blamed for the destruction of the forest. The rain has been too much to be blamed for the destruction of the forest.

It was an opportune time to make a test for the forest of any measure it will be the proof of a new agency which will be a kind of the forest fire of Ontario and become part of the system of protection of our vast ranges of forests. Any measure that will be the proof of a new agency which will be a kind of the forest fire of Ontario and become part of the system of protection of our vast ranges of forests.

News of the intention to bring this measure into the test was the fact of the disaster fires which have been raging in the northern woods of the Department of Lands and Forests. The fact of the disaster fires which have been raging in the northern woods of the Department of Lands and Forests.

It is the dry loss down from places succumb to the weather, explain it, they do not make rain actually, but by the sowing of the dry crystals in the clouds, they will make the rain drop, stored in the clouds in the form of moisture, they will make the rain drop, stored in the clouds in the form of moisture.

Canadian will watch with intense interest every plan to reduce the damage of the dry loss down from places succumb to the weather, explain it, they do not make rain actually, but by the sowing of the dry crystals in the clouds, they will make the rain drop, stored in the clouds in the form of moisture.

Ship's Earnings
 A fleet on a pleasure cruise can earn dollars for Britain, so said a recent report on the BBC. Thomas Mallory, British shipowner, said that his company's ships were getting paid for cargo services between overseas ports. Building or on order in the shipyards is a fleet of steamships, cargo liners which will do just this. They will be trading between foreign ports and the British ports and the British ports.

It is done me good to be somewhat touched by the heat and smothered by the rain of life. — Longfellow.

JUST FOLKS
 BY G. A. GAN
 (Copyright, 1938, by G. A. G.)

THE GOOD LAND
 Land of plenty, land of home,
 Land of childhood free from care,
 Land, no matter where he roams,
 Man encounters more despair.

Heathy Development
 It is not the great disasters of the outside world that affect a child's personality — rather it is the kind of home training received. Parents, therefore, need to understand the mental and emotional as well as the physical problems of their offspring.

Land of happy motherhood;
 Land of countless evening prayers;
 Land of everything that's good;
 Land that all life-long shares;
 Land where none in terror shivers;
 'Neath the threats of tyrants' might;
 Land where every one who talks
 Has the right to speak and write.

Land, the Lord has richly blessed,
 Fertile field and fruitful tree;
 And of all joys, this the best:
 Land of precious liberty;
 Those who fear the light of day
 And with whistling, tongueless devils,
 Father of us all, I pray
 Let no son of ours believe

Independence from home and parents. The child has gained personal security and has become an emotionally balanced and happy adult.

Swords Into Ploughshares
 Britain's industry must devote its resources to a war against the enemy. The great war struggle is a deriding and applying of the best methods of doing old jobs or producing fresh materials. The Lord President of the Council, in a speech made at the House of Commons, said that anything might be done to pump down the price and self-interest of private enterprise and there is no point of that such a spirit is still very much alive.

C.C.F. Nominates Candidate For Every Sask. Seat

Regina, June 11 (CP) — Premier Douglas C.C.F. party in power in Saskatchewan for the last four years, nominated candidates for every seat in the legislature to be decided in the Saskatchewan election June 23. At least two seats will elect non-C.C.F. candidates.

The Liberals entered 40 candidates, Social Credit 35 and the Progressive Conservative 15. The Liberals entered 15 seats in the legislature alone. The Progressive Conservative Party entered 15 seats in the legislature alone. The Social Credit Party entered 15 seats in the legislature alone.

Premier Douglas is opposed by C.C.F. candidate, J. H. Williams, a former member of the legislature. Williams is a former member of the legislature. Williams is a former member of the legislature.

Liberals entered Walter Tucker in Northern, faces opposition

Calvin's Doctrine Of Predetermination Debated At Length

Toronto, June 11 (CP) — The Calvinist doctrine of predetermination, puzzling to many Presbyterians, was debated at length at the annual meeting of the Presbyterian Church of Canada Assembly, held at the Hotel Vancouver.

The assembly will meet next week at St. John's, Nfld.

Calvin's doctrine, known as the Westminster Confession of Faith, says "some are predestinated to everlasting life and others predestinated to everlasting death."

Rev. W. Stewart Field of Toronto, president of the assembly, said that the doctrine of predestination is "a doctrine of the faith. It is a doctrine of the faith. It is a doctrine of the faith."

The report differed from the Calvinist doctrine. It stated that man was created in the image of God, and that man is free to choose between good and evil.

BEFORE YOU PAINT 'PENTOX'

Do you know that the most important thing in painting is the preparation of the surface? That's why you should use PENTOX before you paint. PENTOX is a special preparation that cleans and seals the surface, making it ready for any paint. It's the secret to a long-lasting, beautiful finish.

72 Beaver Pelts Seized by Officials

North Bay, June 10 (CP)—Seventy-two beaver pelts, part of a shipment of furs valued at close to \$70,000, have been seized by Fish and Wildlife officials in North Bay. The beaver, apparently trapped illegally and without the official government seal, were confiscated by R. C. Mackinnon, acting Fish and Wildlife warden, and Overseer Leonard Cole, when they checked the traps for shipment as it passed through North Bay.

Authorities said today that the shipment was made by S. O. Mackinnon, Collector fur dealer, who was sending them to the Hudson's Bay Auction sale. He faces a minimum fine of \$4,000 for handling the 72 illegal beaver pelts.

The fur pelts were the largest made in the North Bay district and, were confiscated by R. C. Mackinnon, acting Fish and Wildlife warden, and Overseer Leonard Cole, when they checked the traps for shipment as it passed through North Bay.

Congressmen Fear Economic Breakdown at Home More Than Spread of Communism Abroad

By CLYDE BRACKEN
Washington, Nov. 17 (CP)—

A terrific, non-partisan tidal wave of criticism from the House of Representatives today has been directed against the administration for its failure to take any steps to prevent an economic breakdown at home.

The House of Representatives today has been directed against the administration for its failure to take any steps to prevent an economic breakdown at home.

South African Reef Is Treasure Trove

Solomon Bay, South Africa (CP)—The wreck of the Mercedes, a treasure-filled Dutch liner which foundered and sank in the Gulf of Guinea in 1913, was recently by Cape Verdeans a number of gold coins were washed up on a deserted island in the bay.

Old coins have not been found on the shore for years and the experienced men who have this winter will be profitable in the search for treasure.

The latest find was made by an American ship which reached the island in its ship's hold. Two minutes of digging in debris around the jagged reef yielded four Spanish gold coins.

Debris and gold coins were found on the shore for years and the experienced men who have this winter will be profitable in the search for treasure.

Rancher Sought May Have Ended Own Life in Lake

Phonetic, B. C. June 11 (CP)—Robert B. Smith, 39-year-old fruit rancher, sought in the slaying of his wife and two children, had been found in the lake in Shasta County, California.

Smith's body was found in the lake in Shasta County, California. The body was found in the lake in Shasta County, California.

Bracken Feels Cost of Living Can be Reduced

Washington, June 11 (CP)—

National Progressive Conservative Party leader John Bracken said that the cost of living can be brought down by lower taxes and increased production.

The party leader urged the two points Thursday night in a speech before the annual convention of the party in the Atlantic provinces.

Bracken said that the cost of living can be brought down by lower taxes and increased production. He said that the cost of living can be brought down by lower taxes and increased production.

ROTOTILLER

Indicates Weeds—Conserves Moisture
If you are bothered with weeds, quick grass or similar weeds, you can get rid of them with this rotary power tiller. It is a simple and profitable solution to that problem.
Benefits of cultivating with Rototiller are threefold:—
1. The action of the rotary tillage is so thorough that it covers every inch and destroys every weed or clump of grass.
2. The high speed action breaks weeds into fine particles of a few inches long.
3. The action of the rotary tillage is so thorough that it covers every inch and destroys every weed or clump of grass.
4. The high speed action breaks weeds into fine particles of a few inches long.
5. The action of the rotary tillage is so thorough that it covers every inch and destroys every weed or clump of grass.
6. The high speed action breaks weeds into fine particles of a few inches long.
7. The action of the rotary tillage is so thorough that it covers every inch and destroys every weed or clump of grass.
8. The high speed action breaks weeds into fine particles of a few inches long.
9. The action of the rotary tillage is so thorough that it covers every inch and destroys every weed or clump of grass.
10. The high speed action breaks weeds into fine particles of a few inches long.
11. The action of the rotary tillage is so thorough that it covers every inch and destroys every weed or clump of grass.
12. The high speed action breaks weeds into fine particles of a few inches long.
13. The action of the rotary tillage is so thorough that it covers every inch and destroys every weed or clump of grass.
14. The high speed action breaks weeds into fine particles of a few inches long.
15. The action of the rotary tillage is so thorough that it covers every inch and destroys every weed or clump of grass.
16. The high speed action breaks weeds into fine particles of a few inches long.
17. The action of the rotary tillage is so thorough that it covers every inch and destroys every weed or clump of grass.
18. The high speed action breaks weeds into fine particles of a few inches long.
19. The action of the rotary tillage is so thorough that it covers every inch and destroys every weed or clump of grass.
20. The high speed action breaks weeds into fine particles of a few inches long.
21. The action of the rotary tillage is so thorough that it covers every inch and destroys every weed or clump of grass.

Cautions Children

Against Bathing In

Bay to Avoid Polio

Dr. C. A. Williams, the public health officer of this city, believes the prevalence of poliomyelitis in the city is due to the bathing of children in the bay. He has issued a warning to parents to keep their children away from the bay. He has issued a warning to parents to keep their children away from the bay.

Appeal to County Council to Aid In Meeting Steadily Mounting Cost of Operation of Hospital

Stating that increased costs of "practically everything" were being met by a heavy monthly operating deficit, Mayor J. J. McCreary, Chairman of the Board of Governors of the Belleville Hospital, today appealed to the County Council to aid in meeting the steadily mounting cost of operation of the hospital.

Mayor McCreary said the "city" was not in a position to meet the steadily mounting cost of operation of the hospital. He said the city was not in a position to meet the steadily mounting cost of operation of the hospital. He said the city was not in a position to meet the steadily mounting cost of operation of the hospital.

Mayor McCreary said the "city" was not in a position to meet the steadily mounting cost of operation of the hospital. He said the city was not in a position to meet the steadily mounting cost of operation of the hospital. He said the city was not in a position to meet the steadily mounting cost of operation of the hospital.

County Council Opposes Closing Of CNR Crossing Near Chutes, Asks Estimate on Overhead Crossing

According to the request of

large number of residents of

the town of Belleville, the

County Council today

opposed the closing of the

CNR crossing near the

Chutes, and asked for an

estimate on the cost of an

overhead crossing.

The request was made by

the residents of the town of

Belleville, who are opposed

to the closing of the crossing

because it is a busy thoroughfare

and because it is a busy

\$5.00 FREE EVERY WEEK

The merchants advertising on this page are co-operating in a contest which gives its readers an opportunity of winning a weekly prize of \$5.00. Here's how you win: Each week in one of the advertisements, find the scrambled word, unscramble it, and send it with the name of the advertiser in whose ad it appeared to the "Contest Editor," Ontario Intelligence, Box 190, Belleville. Answers must be in by the THURSDAY following publication, and winners will be announced the next week in a Business Directory. The winner will be drawn from among the correct answers, and a cheque for \$5.00 mailed promptly. No member of the staff of The Ontario Intelligence or their families are eligible for a prize.

COMMISSAR TAKES OFFICE AS PRES. CZECHOSLOVAKIA

Gotwald Elected by Public Show of Hands

Prague, June 14 (AP)—Czechoslovak first Communist president was elected and took office today.

Klement Gotwald was elected by a show of 328 hands in a public parliamentary election held in 1948 century.

Vladimir Vlas, and was held by Speaker Otilia John as a Socialist president in a Socialist country.

Aspet from Gotwald and a woman deputy who resigned three days ago, only two voters were not accounted for among the 800 members of parliament.

The new president swore allegiance to the People's Democracy and the Czech Republic, and then crossed back to the country where he had been born.

He was greeted by a crowd of thousands at the door of his villa, Chateau.

The archbishop, led in British martial robes, shook hands with the president, who was greeted by the crowd.

He was greeted by a crowd of thousands at the door of his villa, Chateau.

Three Forest Fires Continue to Rage In Northern Quebec Area

Weekend Shows Checkered Progress, but Heavy Rain May Stop Them

Montreal, Que., June 14 (CP)—Three forest fires north of Montreal, important, heavy and heavy rain are continuing to rage in the northern Quebec area, and at least one fire is said to have been extinguished.

One fire, near the town of St. Lawrence, 43 miles north of Montreal, is still burning. It is said to have been started by a lightning bolt.

At St. Lawrence, 43 miles north of Montreal, is still burning. It is said to have been started by a lightning bolt.

MOVE UNDERWAY TO SWITCH U.N. HEADQUARTERS

Probable New Site Would Be Geneva

Lake Success, N.Y., June 14 (AP)—A move is quietly in the making here to switch United Nations headquarters out of the United States, it was learned today.

Officials supporting the idea are taking up open steps and are laying the groundwork carefully. The move now seems as sure as this fall at the Paris assembly.

The suitable site probably would be Geneva.

United States congressional approval of a \$60,000,000 loan to the U.N. for building Manhattan headquarters is expected.

Officials supporting the idea are taking up open steps and are laying the groundwork carefully. The move now seems as sure as this fall at the Paris assembly.

Mediation Efforts Get Under Way As Fighting Ends

Headquarters Set up On Rhodes Island Off Turkey

Cairo, June 14 (CP)—The United Nations mediation effort to bring about a cease-fire in the Greek Civil War is getting under way.

Headquarters for the mediation effort are being set up on Rhodes Island, off the coast of Turkey.

The mediation effort is being led by the United Nations Secretary-General, Ralph Bunham.

The mediation effort is being led by the United Nations Secretary-General, Ralph Bunham.

Report Burma Wants to Follow Russia Credited to Premier; Official Confirmation Lacking

NORMAN YERROW, C.N.R. BRAKEMAN OF CITY, KILLED

London, June 14 (AP)—The British Foreign Office said today it lacks official confirmation of a Reuters report from Rangoon saying that Premier Thakun of Burma has announced his intention to follow the Russian line.

The British Foreign Office said today it lacks official confirmation of a Reuters report from Rangoon saying that Premier Thakun of Burma has announced his intention to follow the Russian line.

Murray McFarlane Named Director Moira Lake Camp

Announcement is made by the board of directors of the T. M. C. of M. of Murray McFarlane as director of the Moira Lake Camp for the coming year. Dates for the camp will be July 1st to August 1st. Mr. McFarlane is a member of the board of directors of the T. M. C. of M. and has been in camp for the last year.

To your boy, you're the great protector...Are you?

WHAT'S behind those big, earnest eyes when you look back at your boy? Certainly not knowledge of the intricacies of life. It's the simple, unassuming faith in your ability to protect him, and provide for his needs.

Have you forgotten what it would be like to have all of mother's attention, and a home life to grow up in. If you were brought into the world by your hands? You would be a mother's treasure, and she would be your protector.

early training in YM.C.A. work by that Organization. He is a native of Canada, and has been a member of the T. M. C. of M. for many years. He is a native of Canada, and has been a member of the T. M. C. of M. for many years.

Mr. McFarlane possesses a thorough knowledge of camp life through years as a camper. During the past twenty years he has been an important figure in the T. M. C. of M. and has been a member of the T. M. C. of M. for many years.

W.M.S. Presbyterian Coburn East Meets at Stockdale

Franklin: The Eastern Session of Coburn Presbyterian of the United Church in Canada, held its annual meeting at the Stockdale Hotel, Wednesday night, June 1st. The meeting was held at the Stockdale Hotel, Wednesday night, June 1st.

A business session followed the meeting. The meeting was held at the Stockdale Hotel, Wednesday night, June 1st.

Returned Missionary Speeches: An address by Miss Elizabeth McLeod, a returned missionary from Central India, was the highlight of the afternoon. She related to the United Church in Canada the conditions of the people of Central India who teach them the way of Christian living.

of the needs of youth and their need for good education and culture. Each is attended to in a most practical manner.

WHAT'S behind those big, earnest eyes when you look back at your boy? Certainly not knowledge of the intricacies of life. It's the simple, unassuming faith in your ability to protect him, and provide for his needs.

Oh, Oh!... She needs a cup of Maxwell House

Feeling "all in, Madam? Then there's nothing quite so helpful as a cup of fragrant Maxwell House. It's "Friendly Stimulation" picks you up... never lets you down.

Maxwell House is rich with the goodness of choice Latin-American coffees... expertly blended and Radiant Roasted. It costs only a fraction of a cent more per cup than the cheapest coffee sold.

In the village where she was born, she was a member of the T. M. C. of M. and has been a member of the T. M. C. of M. for many years.

STRAWBERRIES SKILL
FAIRLY WELL AT 40c

Strawberries at 40 cents per box were offered on the local produce market today, a 20-cent drop from the initial offering last week. The berries were of good quality and found fairly good demand.

Vendors reported strawberry vines were heavily loaded but stated additional rain was needed if the berry season was to last any length of time. Absence of rain would mean a short berry season, it was stated.

WINDOW DISPLAY
AMUSES PASSERS-BY

A twist in advertising seldom seen in the city is drawing crowds of amused spectators to the corner window of the Canadian Department Store on Front Street today. The attention of passers-by is caught and held, and few fail to go away without a chuckle.

Extolling the virtues of a well-known make of mattresses, the display is intended to show the comparative comfort of this particular type against the older-styled products. On an old-fashioned bed are two mechanical dummies, representing father and son. The dummies join and turn in reality

Council Requests P.U.C. To Build Water Mains Out of Utility Profits **Drainage By-Law Is Unfair, Says Ex-Mayor Mikel** **New School Must Be Built To Accommodate Growth Of City Rotarians Informed**

The local Public Utilities Commission will be requested to construct water mains in the new hooker sub-division and pay for the same. The P.U.C. will also be asked to construct local improvements or there would be a problem.

"I would say that building the main under the P.U.C. would make these residents with too much," noted Alderman Allen, "but according to the system in past years then let them build the main and the main should be built under the local improvement act. In case of the

After the residents of the new subdivision would be asked to pay a fee for the use of the water from the front fountains while the city would pay its share for the main, crossing city property.

Sparking in support of the plan was the fact that the water mains to be constructed and paid for out of public, Alderman Armstrong stated to build them under the local improvement plan would be a violation against residents of the new area.

Would Pay Twice

New Dispatch

Here Alderman Tice noted the P.U.C. had stated if current law was changed so that the city could be possible for them to only construct the water mains and pay the bills to the P.U.C. would be a violation to MacDonnell's law. From now on the P.U.C. would be required to pay for the water under the local improvement policy, he said.

The council would rate him to be raised to take care of the cost of putting in each of Alderman Armstrong's water mains.

"The P.U.C. will not say," Tice said.

Alderman Armstrong noted

local improvements
that division would

for the mainline also pay. "For regular water rate," he said. Up until now every water main in the city has been paid for out of the city's general fund. "We don't want to do otherwise would be to establish a precedent."

In reply Mayor Blythe stated that the Public Utilities Commission simply could not handle this new development in the old way. "The Utilities state they will support out of profits the amount of work they are being called upon to do," he said.

Almerman Vassar, and also Almerman Dwyer wanted to know if the city would not maintain the P.U.C. refuse to do it this way.

On the recorded vote on the recommendation Mayor Blythe and Aldermen Mills, Armstrong, Brown, Clarke, Dwyer, Hays, Lammiman, Lee, Vassar and W. H. Hays were in favor of the mainline out of water profits, while Aldermen Hyde and Lawrence voted against the recommendation.

Continuing his argument in

restructured out of profits. Alderman Armstrong, noted that under the present system, the city had built the Sitka plant and last year had shown a profit of \$250,000. In his opinion, the city had built the plant and would not be increased too much to take care of the additional expenditures of the city. The city had built the sub-division, Bellevue water rates now were among the lowest in the state.

"Council is on the spot," stated Mayor Riley. "Either we charge the city with the cost of the water rates, it makes little difference."

"There is a difference to the residents of the new sub-division," replied Alderman Armstrong.

Drainage By-Law New School Must Be Built Is Unfair, Says To Accommodate Growth Ex-Mayor Mikel Of City Rotarians Informed

A claim that the city by-law passed by last year's council allowing city residents to disconnect all roof drains from the sanitary sewers was untrue, so the city engineers advised Monday evening Mayor W. C. Mikal.

Addressing council on the matter, Mr. Mikal claimed that residents have been busy for five years ago with the understanding that they were to be connected to the sanitary sewer.

He said the city engineers now

"The Board of Education has decided that the new problem of how to connect in the city with a one-story structure and hope to incorporate the very best ideas available regarding lighting, heating, and ventilation," stated the chairman of the Bellville Board of Education at an address at the Regency Club Monday afternoon in the city of Quilley.

He said the recent growth of the city to the east and west

The by-law was unenforceable until the city council passed it, said Mr. Mitchell as he introduced the by-law. He said it was necessary to go to a general meeting to discuss the matter.

At the meeting, the city council's sewer works department was asked to estimate the cost of rain water, which would be collected from the roofs and disconnected from the roof drains.

Mr. Hyde stated the possibility of a sewerage system in the city was not a new idea. It also made it imperative that the city should have a sewerage system. The city council would be in a position to estimate the cost of rain water remained on the roofs.

Action was taken by council on the matter.

The city council's sewer works department was asked to estimate the cost of rain water, which would be collected from the roofs and disconnected from the roof drains.

Mr. Hyde stated the possibility of a sewerage system in the city was not a new idea. It also made it imperative that the city should have a sewerage system. The city council would be in a position to estimate the cost of rain water remained on the roofs.

Action was taken by council on the matter.

Following the letter written by Mr. Mikal, the previous letter was sent to the Mayor and Council on this matter.

"It may be conceded that the members of the City Council, in passing By-Law No. 3487, dated February 19th, 1946, excluding the sewers water resulting from the rain and snow from buildings, were actuated by good intentions. Good intentions, however, have been the cause of much suffering, wrong, injury and in-

tion will be acknowledged. The single new building will provide for an improved organ-

the speaker continued. The Board has considered the inconvenience involved for children who have to walk to central school but they do not consider it a problem. Upon attending St. Michael's and Collegiate and Vocational School have to walk a distance. We believe that

The improved type of organization much more than offsets any inconvenience resulting from traveling at extra three or four blocks to school," Mr. Seddon remarked.

Mr. Seddon was introduced by Knoss David and the thanks of the club were expressed by Mrs. David.

The singing accompanied by Phil Huddleston, in the presence of the president, Nolanian O. A. Pinkston presided at the dinner meeting. Dr. Jack Marshall was Sergeant-at-Arms.

THROW—Suddenly at his bedside, Trent Gault, a member of the club, Ralph Trent, passed away.

WATER at the Weaver 2 1/2 miles from the city, was turned off after 10 o'clock this morning. There is no water in the city.

Mother Nature Ganging Up On Western Farmer

Winthrop, June 13 (CP)—Mother Nature and the elements ganging up on the Western farmer this spring, may have thrown the farmer off his feet.

First it was floods. Now great weather is threatening a serious matter in the west, with the weather reported to be worse than it was.

In Manitoba the "hopper" threat is not considered just a summer pest, but farmers fear the insects may migrate east, with Saskatchewan having seen a few, and with the threat of an invasion for next year.

In Ontario, plant disease has been reported in the production of crops in areas which were flooded during the spring. Crop conditions are expected to be affected by "Ascochyta" Department officials, but they are not expected to be reported in the next few weeks.

In Saskatchewan recent crop reports show signs of a serious and generally extended operations due to water remaining on cultivated land. In some areas around Regina and Winnipeg no seedling is expected to take place at all, while the threat of flood conditions generally are disappearing.

In the Prairie provinces farmers have taken up a new battle against the weather. Now the threat of rain has been taken up by the weather, and the threat of rain has been taken up by the weather, and the threat of rain has been taken up by the weather.

125 Candidates In N.B. Election

Fredericton June 13 (CP)—A total of 125 candidates filed nomination papers for the June 16 New Brunswick election Monday as five Liberals gained seats by acclamation. One C.C.F. candidate is slated to file papers in Westmorland County.

In Gloucester County a Liberal headed by Hon. J. A. Doonan Minister of Industry and Reconstruction, were opposed. The other winning seat by acclamation was J. E. Connolly, Minister of Agriculture.

Two more Social Credit candidates, making the party's first bid in New Brunswick, filed papers to bring that party's total to 12.

Liberals nominated for all of 10 seats the Progressive Conservatives 44 and the C.C.F. 10. The New Brunswick Conservative Party has 44 candidates and four independent candidates in the 10 seats in the province.

In Saint John, Joseph C. Arsenault C.C.F. candidate, was named as the party's first bid in the city.

Would Withhold Degrees 25 Yrs.

Hamilton, N.Y., June 13 (AP)—Dr. George H. Gallup, director of the American Institute of Public Opinion, graduated from the University of Chicago in 1912. He has been awarded a degree by the university, but he has been withheld from the university for 25 years.

Gallup said in an address prepared for the 127th annual meeting of the American Psychological Association in Chicago that he had been withheld from the university for 25 years.

"If after 25 years, the candidate would give, satisfactory proof that he had continued to work in the field of psychology, he would be awarded a degree," he said.

"I am sure that he would be awarded a degree," he said.

"I am sure that he would be awarded a degree," he said.

"I am sure that he would be awarded a degree," he said.

The Movie Column

By BOB THOMAS

Hollywood, June 16 (AP)—Europe is now the scene of the film's destination for Hollywood's star lineup.

There are good reasons for this migration: Many stars are being lured to Europe by the enormous amounts of money being offered.

Among those now in Europe or headed there this summer are Cary Grant, Richard Gere, Clark Gable, Tyrone Power, John Wayne, Douglas Fairbanks, and others.

John Wayne, who plays a film based on the life of Dr. Martin Luther King, has been named to the post by Edward Small of the Columbia Pictures.

John Gielgud is quickly planning to leave for Broadway appearances.

New Productions

John Wayne, who plays a film based on the life of Dr. Martin Luther King, has been named to the post by Edward Small of the Columbia Pictures.

WEST EAST

10-11-12-13-14-15-16-17-18-19-20-21-22-23-24-25-26-27-28-29-30-31

ROUTE

1-2-3-4-5-6-7-8-9-10-11-12-13-14-15-16-17-18-19-20-21-22-23-24-25-26-27-28-29-30-31

Hitting west like this:

South North
East West

An immediate one-jump response in a hike makes these promises. It guarantees a ride enough to help make a game. It guarantees two sure things. It is a takeout, a dependable unit. It is an asset, an adequate support is promised.

Many many tickets guarantee help for game! Sit in all the seats. The immediate one-jump response is an asset in making this. This provides five for a game.

With a major asset you are five tricks enough for a game. Because only ten tickets are needed when the decided trump suit is major. And once you start out with a promise of five, you are five tricks enough help for game with a takeout to a major. It does not do it. It tricks will be needed.

With six, south saw only 11 tricks. Therefore, his four no-trump plan proved was a device. Five backs reply there to a Kistner convention for one and one king.

West made one and this gave declarer his chance to take the 12 needed tricks. Then he punned you and will not lose you, as declarer did to them this has.

Two Setbacks Dump Rochester Into Fifth Place

(By The Associated Press)

The Braves, who have been bounding manner Tommy Thayer, and his Baltimore Orioles during most of the current international League season, are riding a bit low.

Thomas' last-place Orioles won their second doubleheader Sunday after losing 10-0 and 10-0.

Letty took Kistner stopped the wins on five hits in the first game.

The Orioles collected 11 hits off Rochester's Ray Yonkin and Ed Green.

After a minute or so, the Green took the lead on a ground and batted away with a right to Louis' tempt and the down again on the floor.

Judge W. S. Lane

Orders Remove

In P.E. Lemox

Peter, June 17 (CP)—The Ontario Court of Appeal today ordered the removal of Judge W. S. Lane from the bench. The court's decision was based on a finding that Judge Lane had been guilty of misconduct in a case involving a woman named P.E. Lemox. The court stated that Judge Lane had acted in a biased and prejudicial manner, and that his conduct had brought the judiciary into disrepute. The removal order was issued by a majority of the court, with one judge dissenting. Judge Lane was given 14 days to appeal the decision.

NEW YORK

U. S. Steel 81

TORONTO STOCKS

Toronto June 17 (CP)—

Industrial and gold strengthened

in moderately active trading

than earlier session. A strong

ton and western oils rose.

Albion and Canadian Breweries

advanced fractionally. The

importance following 100

shares of beer in Ontario is

shown by a rise of 34

cents. D.P. and W.C. and

Canadian Breweries led way up

to 104 1/2. Canadian Breweries

and Canadian Breweries were

politically slowed down by

gold. The market closed

firm on a net gain.

Irish Age Adds Dramatic Changes In Selling Practices

The Irish Age, established in 1870, is now a leading trade weekly, and today the Irish Age, in its new selling practice, has up an order calling for drastic changes in the selling practice.

Under the order which may be issued "early next year, if not sooner," the publication said, the industry would be called upon to (1) establish a plan for each at every mill; (2) set a fair mill when requested, and (3) cease the continuation and domination of freight rate legislation.

Planning the operating rate under at 100 per cent, the Irish Age said that "the only orders issued are those which can be relied on actual schedules," with no change in this method in prospect.

AS SCOTCH AS HEATHERS

Scotch is supposed to be of Dutch origin, but it dates back to the 17th century, when it was the national sport of that country.

Foxboro

Foxboro — A number of W. M. S. ladies attended the open meeting at Zion on Wednesday and enjoyed the address given by Mrs. F. H. Barstok of Belleville.

Lola Rombough had her tonsils and tonsil removed on Saturday at the Belleville General Hospital.

Canadian Daily Newspaper Assoc. Presents Brief Asking Legislation Guaranteeing Freedom of the Press

Ottawa, June 13 (CP)—The Canadian Daily Newspaper Association asked Tuesday for a law guaranteeing freedom of the press in Canada.

In a brief to the Parliament of Canada on Human Rights and Fundamental Freedoms, the CDA said the Canadian newspaper is "the most important of all institutions."

Members newspaper "know that there have been no serious attacks on the freedom of the press and, therefore, they feel sure that threats will not be made to it. It is the only institution of the press that has not been attacked."

The Alberta Press Act, 1937-38, is the first Canadian law to guarantee freedom of the press.

The Quebec Press Act, 1937-38, is the first Canadian law to guarantee freedom of the press.

The Ontario Press Act, 1937-38, is the first Canadian law to guarantee freedom of the press.

The British Columbia Press Act, 1937-38, is the first Canadian law to guarantee freedom of the press.

The Saskatchewan Press Act, 1937-38, is the first Canadian law to guarantee freedom of the press.

The Manitoba Press Act, 1937-38, is the first Canadian law to guarantee freedom of the press.

The New Brunswick Press Act, 1937-38, is the first Canadian law to guarantee freedom of the press.

The Nova Scotia Press Act, 1937-38, is the first Canadian law to guarantee freedom of the press.

The Prince Edward Island Press Act, 1937-38, is the first Canadian law to guarantee freedom of the press.

The Newfoundland Press Act, 1937-38, is the first Canadian law to guarantee freedom of the press.

The British Columbia Special Powers Act of the 1930s had given the Lieutenant-Governor-in-Council "all the powers of the government over the civil and property rights of the citizen."

The act, passed in 1930 when the CDA was in its infancy, was revised in 1937.

Under this legislation the government, by order-in-council, could have destroyed any newspaper that it claimed to be a threat to the peace of the province.

The Ontario Press Act of 1937-38, which permits pressure groups such as wide pro-labor groups to publish advertising by their members.

Legislation which provides for newspaper which prohibit advertising from non-residents.

Without constituting a threat to the peace of the province, the act, in 1937, gave all governments in Canada, freedom of the press, the right to petition against grievances.

The CDA, which is an organization of the press, has been working for the past several years to secure the freedom of the press, and in the light of the CDA's membership in the United Nations and its representation as a member of the CDA, the committee has been working for the freedom of the press, and in the light of the CDA's membership in the United Nations and its representation as a member of the CDA, the committee has been working for the freedom of the press.

Not Special Privileges

Fundamentally, the CDA said in an accompanying definition, freedom of the press is not a special privilege reserved for newspaper publishers.

It is rather a phase of a much larger freedom—the freedom of all men to speak their minds freely and without fear. The great claims on right which should not belong to every citizen in a democracy, but freedom of the press is an all-important part of this larger freedom; because under modern conditions the press is the principal agency by which the ordinary man receives the information he needs to judge the actions of his rulers and make up his mind on them.

"Without newspapers, or with only censored and blinded ones, he is in the dark, and helpless. An informed press is therefore one of the essential bulwarks of a democratic society."

Rigid control of all sources of public information, especially of newspapers, was the cornerstone on which Fascist and Nazi dictatorships were founded, the CDA said.

"National freedom is not complete. The only truly free press is one which can record the news faithfully and comment on it frankly without fear of direct or indirect punishment. Neither the press nor the public is safe with anything less than this."

Carries Responsibility

But freedom of the press involves responsibility.

"All liberty, of course, involves responsibility. The obligation of a free press is to be truly free. It is to be thorough, accurate and unbiased in its reporting, sincere and impartial in its attitude and resistant to all outside pressure."

"It must be both cautious and bold, and it must be sure of its facts, bold when it is sure of its ground. It must be sure that it is inspired by devotion to the public welfare, and in its staff, it must have the best men."

"It is a law to freedom of the press," the brief said, "the right of a constitutional guarantee of fundamental freedoms must be secured."

The Alberta Press Act of 1937-38 was "aimed to deprive the people of Alberta of the right of public expression by setting up a code of mandates and restrictions designed to compel all newspapers of the province into the service of one party."

Found Act Ultra Vires

The Alberta Supreme Court found the act ultra vires (outside the jurisdiction of the Alberta Legislature, because it was destructive of the freedom of the press) "but when an appeal by the Government of Alberta went to the Privy Council it was dismissed on other grounds."

"Publishers would have been compelled to print any statement furnished by the chairman of the Social Credit Board, which has for its object the correction or amplification of any statement relating to any policy or activity of the government of the province."

"The bill provided that if there was no action for that shall be maintainable on account of anything printed in pursuance of its provisions."

"The bill threatened the source of news to that publishers would have been compelled to disclose in writing the source of news and identity of all writers or contributors at the request of the chairman of the Social Credit Board."

freedom of the press, it is a serious attack on the right of the public to be informed and an infringement of the property of newspapers to give to the public the information to which they are entitled as to the availability and cost of service which they are entitled to.

Example Cited

One example was the British Columbia Restriction of Access to Information Act, which "gives power to the minister, subject to approval by the Lieutenant-Governor-in-Council, to say what may or may not be announced in an advertisement."

"The Restriction of Access to Information Act has enabled that no prices may be paid for advertising in the newspaper, and no newspaper can be published without the approval of the minister."

The act, passed in 1937, was revised in 1937.

Under this legislation the government, by order-in-council, could have destroyed any newspaper that it claimed to be a threat to the peace of the province.

The Ontario Press Act of 1937-38, which permits pressure groups such as wide pro-labor groups to publish advertising by their members.

Legislation which provides for newspaper which prohibit advertising from non-residents.

Without constituting a threat to the peace of the province, the act, in 1937, gave all governments in Canada, freedom of the press, the right to petition against grievances.

The CDA, which is an organization of the press, has been working for the past several years to secure the freedom of the press, and in the light of the CDA's membership in the United Nations and its representation as a member of the CDA, the committee has been working for the freedom of the press.

National Health Plans Operate In Ontario

OTTAWA, June 17 (AP) — The national health plan started Wednesday in Ontario, as the province agreed to participate in the \$200,000,000 program. The plan, which has been approved by the federal government, will be financed by the federal government and the provinces. It is the first time that the federal government has provided for the health of the people of the country.

Religious Faith Pays off Better Than Crime

JOHNS, June 17 (AP) — A Cleveland, Ohio, man, who has been a religious faith payer for 10 years, said today that he had never been in trouble with the law. He said that he had never been in trouble with the law because he had been a religious faith payer for 10 years.

Picton Three Members PC Association Are Expelled

PICTON, June 17 — Three Picton members of the Progressive Conservative Party have been expelled from the party. The members are: Mr. J. H. Brown, Mr. J. H. Brown, and Mr. J. H. Brown. They were expelled for failing to support the party's platform.

Picton Science Fiction Society Is Organized

PICTON, June 17 (AP) — A new science fiction society has been organized in Picton. The society is called the Picton Science Fiction Society. It was organized by a group of people who are interested in science fiction.

Business Spotlight

(By The Canadian Press)

Long before the war was over the problems of reconstruction and machinery were to be met. The problems of reconstruction and machinery were to be met. The problems of reconstruction and machinery were to be met.

Oldest Church

SEVEN FIREMEN HURT, 35 FAMILIES PLACED IN DISASTER PLAZA

Seven firemen were injured by flying glass, 35 families were driven from their apartments and at least eight business establishments destroyed, on Monday at a \$150,000 fire at the Farmers' Market building at Bathurst St. and St. Clair Ave., Toronto, on Saturday. Firemen were forced to leave

their dwelling whirling night after night. Many fled, carrying furniture, clothes, bed and cots and valuables. Here Andrew Chan and Isobel Gilmore watch efforts to put out the blaze. Firemen battled four hours before bringing fire under control.

Taken from the cab of diesel locomotive 8000, crowding in front of the moving train, then stopped picture above shows footboard driver who swung on the other side to watch the engine go by, out from behind a stopped car, bounced over the

TRUMAN GREETED CROWD IN PAJAMAS

Getting out of bed to make an informal appearance in pajamas and robe, U.S. President Harry S. Truman, paid 10-month-old Laura-ette Sue Combow, Barrow, Cal., as his train makes a short operating stop. About 1,200,000 persons saw the president during his tour.

GRADUATION DAY AT BOYSTOWN

Ciad in the convention robes, mortar boards, tassels et al. a record class of 48 members marched to the auditorium for graduation exercises at famed Boystown, Neb. In the front row are class salutatorian Gerry Ripper (left) of Sioux City, Ia., and class valedictorian Joe Malach. During the exercises homage was paid to Father Flanagan whose inspired work made Boystown possible. He died in Germany last month while on a mission to aid children of other lands.

ROMANCE IN THE FRANCO FAMILY

Here is the first and exclusive photo of pretty Christina Franco, daughter of Spain's chief of state Generalissimo Francisco Franco, and the man reported to be her romantic interest. He is a titled young Spanish surgeon, Dr. Cristobal Martinez Borda, Marquis of Villaverde. Friends say they are preparing to announce their betrothal in October. The marquis is 22 years old and the son of the Count of Argente. Senorita Franco is 20. She is the only child of "El Caudillo."

"TALL CUT" OF M

A little tired of having doctors constantly poking at him, two-year-old Kenneth Liebman tries to console himself on his top at the Fordham hospital, New York. The youngster, who has hardly a scratch to show for his life-story fall from a window of his Bronx home, was pronounced fit-to-be-fitted by physicians.

Would Increase Baptist Ministers Retirement Annuities

Windsor, June 18 — (CP) — Rev. Charles B. Donnet of Stratford today recommended to the Baptist Conventions of Ontario and Quebec that present annuities of all ministers over 50 years-old would be increased at retirement age so that all under the plan would receive at least \$400.

In presenting the report of the Ministerial Superannuation Board to the 60th assembly he said the Board hopes to use \$60,000 of

capital funds to carry out this project.

Mr. A. S. McGrath of St. Thomas, secretary of the Baptist Local's Day Alliance, Thursday night said officials of the Alliance are more concerned over the thinking behind the motive to repeal the Lord's Day Act rather than the Federal Government's recent proposed amendment to the Criminal Code.

He said the Criminal Code amendment would repeal an Ontario act which came into effect before Confederation and has been antiquated by the Lord's Day Act that was passed by parliament in 1905.

One of the main responsibilities of the Baptist Church was to impress upon the people of Canada the value of Sunday.

Asian Peace Offensive Breaks Out Over Europe

Washington June 14 (AP).—The Russian peace offensive appears to be breaking out all over eastern Europe.

...is an offer by Yugoslavia in solid stance by the United States against the Yugoslav government. Citizens include 1. Bulgaria's willingness to enter negotiations with the American supported Greek government... 2. Russia's acceptance of an American proposal for a 10 country... 3. Big gun made by the Russian government in reparations claims against Finland, Rumania, and Hungary.

City and District News

YOUTHS CARELESS WITH AIR RIFLES

Indiscriminate use of air rifles by youths in the city is again being reported to the police station with a rather serious lad in evening complaining that his rifle had been used with wild aim from an air gun.

Police officers checked in the area in which it was stated the rifle had been used but with no results.

Police Chief Walter Probert yesterday warned against the use of air rifles within the city limits stating that persons using such rifles would be charged with being reckless.

PRETENDING TO TRAFFIC IN COFFINS

New York, June 19 — (AP) — A woman, 37, who pretends to sell \$100,000 coffins by pretending to be a funeral director, was arrested by American women, was arrested in New York City last night.

The woman, who is 37 years old, was arrested by a group of women who were looking for a coffin for their mother.

Will be Faced With 3 Crises

The Belleville, Ontario, fair, which is being held at the Belleville Agricultural Society grounds, will be faced with three crises.

The first crisis is the weather. The second is the lack of funds. The third is the lack of interest.

Driver Arrested, Will be Faced With 3 Crises

Police Chief Walter Probert yesterday warned against the use of air rifles by youths in the city is again being reported to the police station with a rather serious lad in evening complaining that his rifle had been used with wild aim from an air gun.

Police officers checked in the area in which it was stated the rifle had been used but with no results.

\$5.00 FREE EVERY WEEK

The merchants advertising on this page are co-operating in a contest which gives its readers an opportunity of winning a weekly prize of \$5.00. Here's how you win: Each week in one of the advertisements a word will be "Scrambled." Read the advertisements, find the scrambled word, unscramble it, and send it with the name of the advertiser in whose ad it appeared to the "Contest Editor," Ontario Intelligencer, Box 190, Belleville. All answers must be in by the THURSDAY following publication, and winner will be announced the next week in a Business Directory. The winner will be drawn from among the correct answers, and a cheque for \$5.00 mailed promptly. No member of the staff of The Ontario Intelligencer or their families are eligible for a prize.

TODAY'S CROSS-WORD PUZZLE

Answer to Yesterday's Puzzle:

Colloquially when her hospital discharge was the arrival of a letter from an English woman

Ruth had given her teacher a basket of groceries while Terence children concluded it was a wedding gift for Princess Elizabeth.

Life Begins Again For Plucky Child

Toronto (CP)—The day before her recent 14th birthday anniversary, Ruth Miles underwent a successful operation for a heart ailment she had had since birth. It ended, doctors hope, her odd childhood life of going and

warnings about exertion. Ruth was a plucky child before her school days and started out as a tomboy. In kindergarten her mother sent her home to a little girl named Ruth. Teachers gave her lessons at home during the intervening years. Doctors attributed the trouble to heredity, and out of the heart valves. After the operation she was told to "take things easy for a year—then there is no sin in it so what can she do."

Ruth had given her teacher a basket of groceries while Terence children concluded it was a wedding gift for Princess Elizabeth.

Ruth had given her teacher a basket of groceries while Terence children concluded it was a wedding gift for Princess Elizabeth.

Millions of Dollars Damaged
Thousands Are Homeless

20 Persons Killed In Jewish Area In Cairo

because all grocery stores and most warehouses were destroyed. The fire started and the service was knocked out and would be weeks before it would be restored.

All ordinary business came to a standstill because stores, industries and schools were closed. The law, the Caribbees Board, the daily newspapers and all government buildings were razed. Damage will run into millions of dollars.

As many persons as possible were quartered in homes caught in the path of the storm huddled in tents and makeshift huts in the town or in open fields.

Truckloads of food were rushed to the capital from outlying parts of the 233-square-mile country. From other British Caribbean islands for help.

The fire spared the docks and the Canadian National shipyard. Canadian shipowner and the Canadian shipyard Sunday. A British foodstuffs Sunday. A British ship was expected with

Well-Known Figure At Thousand Islands Dies After Long Ill

Landdowne, Ont., June 1 (CP)—J. F. Fitzsimmons, one of the best known men at Thousand Islands, died at home here Sunday. He has been ill for several months.

For more than 30 years he had been customs officer at the Rockport and counted his friends not only the people

**Cleared of Charge
Of Dangerous Driving**

Toronto, June 21 (CP)—William G. Hume, 22, of Toronto, was cleared today of a dangerous driving charge, arising from an accident last April 14 in which

retired from ownership of the track and pacers, he was eagerly sought as judge at race meets.

He was born in Northampton, York State and came to Rockport County as a boy. As a man he moved to Rockport where he married Mary Carnegie who lives him. He also leaves sons, Hubert at Rockport and Dr. John S. at Darien, Conn.

Mountbatten

Self-Rule by

Weather Synopsis

An advocate of harmony and secular government then delivered a message to the people saying that "what disturbs the peace of India is religious discord, pure and simple and it is utterly folly."

Less than three hours later Lord Mountbatten, attired in gleaming white uniform of a naval admiral, bade farewell to

BELLEVILLE, ONTARIO, MONDAY, JUNE 21, 1948

labor and assert a set of principles which he hopes will be the working man.

A few among the voting delegates were surprised to hear that the group or even among the more than 1,500 correspondents present, there was no one who seemed at all certain about the party's platform.

But in the milling around the Broad Street headquarters, it was not surprising to find that the party's general belief was in a victory for Governor Thomas Dewey of New York.

Former Governor Harold Stassen of Minnesota had far-rightist views on the party's platform, but he was not a contender for his headquarters — right at the party's headquarters at the convention headquarters hotel.

The third leading contender, Senator Charles McNary of Oregon, retired to less pretentious quarters.

Mike Jackson, Great Lakes Director for the C.S.U., said the purpose of the delegation was to get the government to "bring to task" shipping companies that have been refusing to recognize that union as the bargaining agency for their crew.

[illegible]

Mr. Morningstar said the woman of the house thought he broke the glass by slamming the door but it version was corroborated by a milkman eye witness.

Small Church in Transition

CHURCH NEWS (P) — The small and faithful parish of St. John's, located in the town of New Sweden, were the participants in the 1966-67 year of the Church in America. This village of about 600 people, about 15 miles north of a little more than two hours' drive from New York City, has a population of \$1,000 by \$2,750 and is a small, rural, and somewhat isolated community. The church is a small, one-story, wooden building, the site of the church is a small, rural, and somewhat isolated community. The church is a small, one-story, wooden building, the site of the church is a small, rural, and somewhat isolated community. The church is a small, one-story, wooden building, the site of the church is a small, rural, and somewhat isolated community.

— whose people called him "one of us." Then he took off for England with his wife and daughter. About 100,000 persons thronged the municipal grounds Sunday night to say goodbye.

Turns Down Offer
To Hold 1950
Br. Empire Games

**Guard Stabbed
At Penitentiary,**

Montreal, June 21 (CP)—The Olympic Committee of the City of Toronto has turned down an offer to hold the 1950 British Empire Games on its grounds and so far no other offer has been made to any other city. It was announced today.

In making the offer to the C. N. E., the Canadian Olympic Committee was relying heavily on the fact that the Toronto grounds was the likeliest spot in the Dominion for holding both track and aquatic sports.

It was proposed that B.C.E.F. would cover the expenses of Commonwealth countries sending teams.

The games were last held in Hamilton in 1929. If it was Canada's turn again where the war intervened, 1940 was supposed to be the year. But it has not happened and it is expected that it will be held in 1950 has been repeated by the British Empire Games Association.

The convict swung the knife a third time but it struck the guard's leather belt and bent. When the convict found himself without a weapon, he returned to his cell. Before the trial, Thomas "Bellehumeur" Langelaubre, was drowned in the drowning mishaps were Bedard, four, who fell out on Yellow Lake near Coquitlam and Carol Thodson, 19, who tried to break a breaker and fell into the Sydenham River near Laceyburg.

George (Tony) Gibson,

1950 games they will be held in New Zealand, which already has expressed willingness to have them.

Asks Canada Sign World Wheat Price Agreement

Ottawa, June 21 (CP)—Trade Minister Howe today asked the Commons to ratify a five-year international agreement under which 36 countries guarantee to stabilize world wheat prices.

He moved the adoption of the multilateral pact, drafted at Washington earlier this year, which would provide a \$2-a-bush-

Will Get Free Medical Attention

for the five-year period beginning Aug. 1 this year.

The Canadian Progressive Conservative leader, Joseph R. Murphy, termed the agreement "incomparably imperfect" but conceded that it was "the best that could be achieved unanimously."

Mr. Howe said the agreement would be subject to ratification by the United States Congress.

He reviewed the provisions of the agreement, which would cover the period from 1974 to 1978, and export annually by the three major wheat exporting countries of the world: the United States, Canada and Australia. Canada's share of the annual sale would be 236,000 tons, and the United States would export 100,000 tons.

The agreement would also provide for the export of surplus wheat to stabilize the world wheat price.

The agreement would require no additional legislation as long as the United States ratifies the Canadian Wheat Board.

way would affect surpluses available for export over Canada's quota of 230,000,000 bushels. Nor would it affect the four-year wheat agreement with Britain covering the sale of 600,000,000 bushels.

Rodeo Rider Dies Imitating Brother

Electra, Tex., June 18.—(AP) Buckshot Briscoe, 30, of the bid for fame as a rodeo rider, died in tragedy Friday. A shoot went up from the 2,000 spectators here Wednesday night as the 16-year-old youngster came tearing out of the chute riding a bucking bull, decried as "a particularly bad one." The bull lunged downward. The boy's head struck full force against the animal's horns. He held on. The bull lunged a second time. Again the boy's head was hurled against the bull's horns. He still held on. Suddenly his grip relaxed. He fell off the side of the rodeo arena, his head battered. Spectators leaped over the

barriers and carried Buckshot to hospital. He died Friday. Buckshot's friends said he was trying to "follow in the footsteps of his brother, Pete, a professional rodeo performer."

Yu'An Hee See Laughs

By Sax Rohmer

"Just what happened—in Singapore?"

Dawson Hag finished his drink and shrugged his shoulders.

"On my way back to 'Johore Bahru' he replied, "I was temporarily lured into a Chinese 'bait' of Francher—bait all right."

"Bait of Francher?"

"Francher? Well, it's too late to go into details. Incidentally, though, I met out again, incidentally, there was no possible connection between the Francher attempt and my trip on the 'maquis'."

"I told you so," said Dawson Hag, "My name with the chief was not, yet, you see, because you heard his laughing..."

"Good God! Hag, an idea..."

"He may be still in the Walloo!"

Dawson Hag nodded—and smiled.

"I hadn't overlooked that at all," Detective Sergeant Durham said in the Walloo as far as Marville. "...and Keam—"

"I'm glad that—" said Keam—"Hag started at him very hard, and then, suddenly, he said, 'The Greek gentleman I've mentioned referred to my establishment in Stamboul, tonight. He was safe. There's about as much chance of getting better in Stamboul as of finding a gold mine in Gibraltar, but the Stamboul branch, as well as that in Limboobee, doesn't deal exclusively in stolen goods, or even drugs. The majority is interested in a third industry—possibly based upon Stamboul but probably not."

"What do you mean?" Keam asked excitedly.

"'Slaves' Hag replied, 'Yu'An Hee is the biggest slave trader in the east.'"

"Slaves, a light sleeper, was awakened by the revolutions of the screw of the Walloo. She sat up with a start. Hag was still smiling through the slatted shutter over her stateroom window, she jumped out of bed and peeped out across a deserted dock, that 'drowsy panorama of the Lower Thompson was slipping by, a drab and desolate picture."

She watched for a while, then closed the shutter with a bang and turned up the light.

The expensive-looking box of cigarettes which Dawson Hag had brought lay in a net rack above her head. Knees bent out a cigarette and lit it.

She sat on the side of the bed, hands clasping one another. The panic of waking alone in that grey morning had left her. As she sat there smoking and reflecting upon a hundred and one things, but chiefly upon the problem of whether she should write to Dawson Hag as she had said she would do, or whether she should wait to see if there was a letter from him at Marville, she became aware of something...

Somewhere someone had a regular, heavy tread was patting the dock beneath her stateroom door. As this promise-perfected and repeated, she recognized a faint curiosity regarding that identity. He could a fellow passenger, unconsciously, who, despairing of further sleep, had gone out for a walk.

Presently she heard his returning footsteps approaching from after out. She turned off the light pushed the shutter aside and peeped out.

She saw the promenade—a big man in a double-breasted blue overcoat; a man who wore a bowler hat and who glanced aside with what seemed like definite curiosity as he passed her door. He was fresh complexioned and had blue eyes—very friendly-looking blue eyes.

There was nothing in the least degree alarming about him, except that he seemed not to be interested in her cabin. Also, she did not notice him among the passengers who had come aboard at the King George Dock.

Rileen reduced the shutter and hurried in. And Detective Sergeant Durham, noting that her

light had gone out again, passed along B deck to another cabin and opened the shutter. He stood near the portbelling telling his plan, and then turned on.

Opening a heavy door he stepped into a room, where he turned left into another room—toward the door. He was standing at the door of one stateroom, which was on the lower deck, and he was looking out at another.

These passengers on the night crew—Channel steamer from London, noted a grey, middle-aged man with a thin, hawk-like nose, who was sitting in a small cabin near the hallway across. His extraordinary turn of head excited their curiosity.

They must have been— even now intrigued could they have witnessed the arrival of this mysterious cut off the French coast. Stealing through the haze of a grey and cheerless dawn, the mystery boat edged in, point by point, to where a large grey sailing ship upon a shifting beach beyond which lay desolate and hazy stretching in the direction of the coast.

Stern on the flat beach they lay, showing no lights, their propellers burning lazily. Presently a boat came out from a shadowy inlet, the entrance to which was invisible in that half light. Two covers labored at the oars and very shortly drew alongside.

Those five small square capsules which had come from Limboobee were transferred from the motor cruiser to the boat. Oregon Blossom then stepped gingerly into the little craft.

By Vain Hee, who followed her. Finally came Jo Long. As the boat swung away:

Port of London At Standstill

L.P. LEADER CHARGES C.C.F. GAINS DICK TO L.P.

Regina, June 19 (CP)—A. A. McLeod, Ontario leader of the Labor Progressive Party, said Friday night the effort and policies of his party were largely responsible for the gains made by the C.C.F. in the Ontario election.

"We played a big part in the election of the 22 C.C.F. members," he said in an election campaign address to approximately 85 people. "I say here categorically they would not be in the Ontario Legislature today if it were not for the efforts and policies of the Labor Progressive Party."

London, June 21 (CP)—The vast port of London was practically at a standstill in the grip of a 6-day dock workers strike now involving 17,000 men. And with settlement breakdown, the port was reported considering using the army to unload vital food cargoes.

As Londoners heard morning papers that their next week's meat ration may be threatened by the work stoppage, they were flooded a new call for transport and general workers to go back to their jobs.

In Liverpool, an attempt to start a sympathy strike failed to gain support.

A total of 117 vessels, including a number of Canadian ships, are tied up by the strike which started on a grievance of 11 men over extra pay for unloading dry cargo. Forty-seven of the ships are loaded with food—including 30,000 tons of meat—and 70 are loaded with general cargo.

U.S. Foreign Aid Program Seen Imperilled

Washington, June 21 (AP)—The Truman administration's foreign aid program Saturday was imperilled by "two immovable objects" sitting \$1,000,000,000 apart on the Senate House of Representatives Conference Committee on foreign aid funds.

Senator Byron Dorgan (D-Mt.), chairman of the panel committee, applied the "immovable" label after efforts to reach a compromise between the House appropriation and a Senate version broke down completely Friday night.

Bridges made plans to get the group together again Saturday, but he was pessimistic over chances to reach agreement before Saturday night's scheduled Congressional adjournment.

Senator Robert Taft (Rep.-Ohio), chairman of the Senate Republican policy committee, was more confident. "These things all happen," he said, "but they will happen," he said, "but they will happen."

"I'll Get Him Quick!" Says Louis Before Last Fight

By WILLY GREENGLASS
New York, June 22 (AP)—Confidence radiated from both sides of the championship fight between Louis and challenger Jerry Joe Walcott as the two men awaited a brief but hot fight in the 15th round of the title tomorrow night at Yankee Stadium.

"I'll get him quick!" was the loud prediction of the Brown Bomber, who announced he would defeat his opponent with a "left jab" and a "right cross" in the first round.

"I'll get him quick!" was the loud prediction of the Brown Bomber, who announced he would defeat his opponent with a "left jab" and a "right cross" in the first round.

Ten Billion New Marks Authorized

Frankfurt, June 31 (AP)—Allied officials said tonight the issuance of 20,000,000,000 new marks had been authorized for Western Germany.

The officials said this is the maximum amount of the new "Deutschmarks" German banks will be allowed to circulate after the completion of currency reform. Issuance of the new marks started Sunday in the British, United States and French zones.

TODAY'S CROSS-WORD PUZZLE

Germany now has about 10 times more money in circulation than before the war. There are estimated 100,000,000,000 marks circulating.

First visitors to Northern Ontario's children's country since the travel ban was lifted June 27 were three teen-agers from Dayton, Ohio, winners of an outdoor girl contest. They had never been fishing before, because Ohio rivers are polluted by factory waste, they said.

British Workman Plant Dislikes "Big Boss" Even if it's Labor Govt.

By STUART UNDERHILL (Canadian Press Staff Writer)

The British workman does not seem able to overcome his aversion to the "big boss" even when it's the Labor government. It is the Labor government's far fewer strikes and working disputes in the last three years. But many government officials have been hurt and puzzled that reforms haven't brought consistent union action.

Under the working class unions have grown up. Their wages have been improved and their demands more moderate. Since the unions were nationalized in January, 1942.

British workers have shown that they are still not satisfied. They don't like the "big boss" even when they reject the constant exhortations to "pull their weight" and "share the sacrifice" of the National Coal Board or "share the sacrifice" of the National Coal Board.

The "big boss" which broke out last week and paralyzed the port of London had more of the same discontent. The strike began in London but the dispute was any action against a gang which had refused to union a difficult

WILL, WE CREAMED
Hollywood, June 23 (AP)—Ashes of Earl Carroll and Betty Wallace, theatrical comedians and close friends for many years, will not be by side in a cemetery. Carroll's lawyer disclosed today that the comedians and his leading lady died last week, with 41 others in a Pennsylvania plane crash. Counsel Ray Wolf said that remains would be cremated and the ashes placed in a vault.

OMEA Approves Tube Shortage 60-Cycle Change For Housing Is "Critical"

Toronto, June 23 (CP)—An expected 80,000 kilowatts the opening of the Huronville plant and the polymer resin plant, along with other additional projects will come down to meeting the increased demand for power in 1944. Chairman Robert H. Saunders of the Ontario Hydro-Electric Power Commission told the Ontario Municipal Electric Association Monday.

The added kilowatts, however, will not meet any part of the building or build up a reserve. Mr. Saunders said that, in his opinion, Hydro has "weathered the post-war demands extremely well, and... need not take a second seat to private industry."

"In years," he said, "the 100,000 kw. plant will be increased by about 1,000,000 kilowatts. Dependable supply increased by 361,000. "It therefore will be seen that the restrictions imposed on Dec. 10, 1941, was an absolute necessity. He went on to say that power restrictions will be imposed in winter and the type of restriction to be imposed is not stated. Present estimates now are that they will become necessary about Oct. 1.

The O.M.E.A. is a special one-day session, approved the proposed standard price frequency in the province at an estimated cost of \$18,000,000. Chairman Saunders said the commission will still greater industrialization and demand for power in the future.

The building of a \$101,000,000 plant at Windsor is part of the hydro expansion program and is not related to the standardization plan, said Mr. Hearn in reply to Mr. J. S. Beck of Brampton.

Business Spotlight

(By The Canadian Press)

United States presidential nominating conventions seem likely to act as unsettled influences on security markets until they are decided, and to diminish chances of any broad advance.

New York Monday had a sharp, overall decline in a month in active trading with less than one of two points in the 100 to 110 a few days ago. The 100 to 110 a few days ago. The 100 to 110 a few days ago. The 100 to 110 a few days ago.

Chairman Saunders said the commission will still greater industrialization and demand for power in the future.

The building of a \$101,000,000 plant at Windsor is part of the hydro expansion program and is not related to the standardization plan, said Mr. Hearn in reply to Mr. J. S. Beck of Brampton.

Rain by Science
 People of Ontario have come to know more about dry ice and seeding rain clouds than any other province in the world. The modern rain-making plant has been tried with considerable success in the forest areas in Northern Ontario.
 It is not a case of "making" rain but of inducing the natural forces of the atmosphere to work with dry ice, which is solidified carbon dioxide gas, and looks like ice. The moisture has to be in the atmosphere in clouds for the process of condensation to go to work and rain eventually begin to fall.

An interesting reference to the tests made in Northern Ontario appears in the Fort Arthur News-Chronicle. Staff Sgt. Marie has been headquarters for the handling of dry ice. It is the duty of the laboratory to see that the dry ice is used in the clouds into which it is sown. The paper describes the chemical.

"As received at the laboratory the dry ice is in 100 pound blocks which look much like ordinary ice. The laboratory men work in a room where the temperature is below freezing, the dry ice blocks being themselves a temperature below zero. With hammers the workers shatter the blocks and feed the pieces through a screen into a reduced pressure chamber, where the particles are scattered in the air. In that form it looks much like snow. Precipitation is taken to the clouds by the evaporation or solidification of the small crystals again into large blocks. In this process they are taken into clouds and rain is the result. It is the use of the dry ice in the clouds into which it is sown. The paper describes the chemical."

Farming is a Business
 There is an old story among city people that an old farmer with little to do a little manual labor could start farming and at least have enough to eat and a roof over his head.

In recent years this theory has received a jolt as a result of a great many city people trying the job only to find that feeding food and keeping ahead of plant and animal diseases required a lot more "know-how" than they had. They had even thought of it.

The new Department of Agriculture comes along with a statement of the terms involved in a special study the average investment per farm amounted to about \$18,000. The Department says the truth is that modern farming is as much a business as the operation of a store or any manufacturing plant and requires just as much business skill and a lot of other things.

JUST FOLKS.
 BY EDGAR A. GUNN.
 (Copyright, 1946, Edgar A. Gunn.)
THE CADDIE SOON GROWS UP
 I saw him in a fit of rage, a colder yet bad;
 A plump example for the golfier very
 Suppose to be a sportsman and a gentleman was he,
 And I his angry manner neither one
 But I thought, "You will regret one
 When I tell you of the caddy for you!"
 "You will have to hear him say it."

King Gustav
 King Gustav of Sweden celebrated his nineteenth birthday recently. As a patriarchal age he does not lack years for his step in life and his place in the world. He is still very much the man of the present day. The throne he occupies is one of the most stable in the world. The past generation seen many kings depart and their thrones disappear. In Sweden the monarchy is a permanent rule has been as the rule of the kings of the North successful and popular because they are surrounded by the people and the devotion of the monarchs to their high office. King Gustav was a man of experience when he came to the throne for the first time.

King Gustav is a descendant of Marshal Bernadotte, one of the commanders of the army of the great Napoleon Bonaparte. Bernadotte was chosen as a successor to the then king of Greece, Charles XIII in 1810 and though virtually foreign at that time succeeded to the Danish and Norwegian thrones as King Charles IX in 1818.
 King Gustav is a typically democratic monarch; he is held in deep affection by the people of the northern kingdom and in every sense a true king and leader of his people. He has ruled wisely and has ever known of his people at heart. This sense of the people has been attached all through his life. On his anniversary the people of the people for their monarch found expression in greetings.
 The democratic world, the aged monarch stands high in the favor which his age has earned by his devotion to his high office. He is known throughout the world as a monarch who wish him long.

years just to serve his people and the cause of democratic institutions.

Double Visitors' Rations
 Britain is offering hospitality which is so well known everywhere by those who have travelled and by those who came to know about country during the summer months, tourist season open. Visitors are now being allowed to take with them without limit of licence as part of their baggage 50 pounds of food, provided there is not more than ten pounds of any one commodity. This is double the amount previously permitted. This food will naturally have to be declared to the customs authorities in Britain, who must be satisfied that the food is not for sale.
 The change does not apply to visitors from Paris or to members of the armed forces. Crewmen arriving from countries other than Paris still may take in only 10 pounds of food with no more than two pounds of any one commodity.
 Passengers and crew going to the United Kingdom by sea or from Paris may take in 7 pounds with a maximum of 10 pounds of any one commodity. This restriction has been made at the request of the Government of Paris.

Old War Wounds
 Old war wounds can be bothersome. It is more than 13 years since Magistrate August W. MacMillan was hit at Ypres during the German gas attack in April 1918. Badly wounded he was taken to the hospital and has bothered him ever since. Recently he has had to wear a steel brace. He got along with it for many years, but now he needs special equipment as the effects of the wound grow more severe.
 He has been a great help to many veterans when the shooting stops. Instead, they are faced with years of pain and suffering and the effects are felt. — W. L. Clark in Windsor Star.

LOOKING BACKWARDS
 CLEANINGS FROM OUR PYLES OF BY-GONE YEARS.

25 YEARS AGO
JUNE 23RD, 1921.
 One hundred and two motor parties and a total of 881 people have visited the Belleville tourist camp since May 24th. Inspection of the 15th Battalion Argyl and Sutherland Highlanders will take place on Thursday. Last night every one in every hotel in this city was filled with tourists.

Mr. John Hargreaves of the United Fruit Company, Toronto, and Mr. William Lockyer, Paterson Square, are visiting friends in this city.

30 YEARS AGO

Airborne Mapping Mineral Survey Will be Launched

Ottawa, June 23 — (CP)—An airborne mapping survey of mineral possibilities in parts of North-West Ontario and Quebec will be launched this week. Miss Macdonald MacInnes announced today.

George Shaw, a geologist of the Geological Survey of Canada will head the party. It will work in the region between Kirkland Lake and Val d'Or, Que., which includes the Huron - Noranda district.

The group will use the airborne magnetometer, the application of which will greatly aid geological mapping. Mr. MacInnes said in a statement.

The survey's flight lines—north-south at one-quarter mile intervals—will cover an area approximately 180 miles by 75 miles. The survey is expected to complete next autumn.

"An R. C. A. 7," Canoe has been fitted out for this work. Extensive installations of the magnetometer, including a control room which contains a control panel, amplifier and magnetic recorder, and an observer's station specially equipped, make this Canoe a flying laboratory."

Baby Muskrat, Spring Duck Found In Two Larger Pike

Sudbury, June 23 (CP)—Two pike, about two and a half pounds apiece, were caught in the Vermilion River last week. In one was found a baby muskrat and in the other a spring duck.

TRUDEAU-CHALMERS
MODEL 'C' TRACTOR

Rear-Engine Design
Introduces—
Straight-Ahead Vision

NOW you can see it, a tractor that leaves your forward vision clear. Here is the first major development in tractor design since rubber tires replaced steel wheels!

It's not just another size tractor, but a new idea in farm power — a new system of motorized farm tools. Plants up to 25 acres of corn, sorghums or soy beans per day with snow drill planter; handles one 12-inch, front-mounted moldboard plow and 5-foot mower. Operates on 2 to 3 quarts of fuel per hour. Steerer, lights and full size rubber tires are standard equipment.

Come in and look it over.

HERE'S HOW IT IS DIFFERENT

- ★ REAR-MOUNTED ENGINE
- ★ FRONT-MOUNTED IMPLEMENTS
- ★ CLEAR, STRAIGHT-AHEAD VISION
- ★ ATTACH OR DETACH ANY IMPLEMENT IN 5 MINUTES OR LESS

FOR SOME JOBS ON ALL FARMS —
ALL JOBS ON SOME FARMS —

ALLIS-CHALMERS
SALES AND SERVICE

Rear Engine Tractor

A new type of farm tractor that may prove to be the final threat to horses on the farm is now on display at Trudeau Motors Ltd., Station 23, Front Street, Belleville. Mr. Trudeau predicts it will replace that last seen horse on many farms by serving as a drive tractor, and that it will fill complete power needs on many other farms.

The new Allis-Chalmers model differs from previous tractor designs in that it has a rear-mounted engine with implements attached in front within unobstructed view of the operator. Moving the engine to the rear keeps the front of the tractor clear for mounted implements, any of which can be attached or detached in five minutes. Even the plow is front mounted.

Mr. Trudeau points out that many farms keep one last team of horses for a few seasonal jobs, such as mowing, plowing or chauling. Although such tasks are few and far between, the horses "eat their heads off" all year long, and at present feed alone. "That isn't fair," he says. The new tractor, he says, will do much work on 3 to 5 quarts of fuel an hour — and eats only when it works. The owner just presses the starter button, with no currying, harnessing or hitching up.

One feature of special interest for deep work such as cultivating, weeding, plowing out the corners of corn jobs is a special 8-mile per hour low gear. The four speeds forward range up to 16.8 miles per hour.

Wheel treads can be adjusted to fit any row spacing. The tractor serves as a portable power unit on belt-operated machines, like water pumps, elevators, feed grinders and feed mixers.

New mounted implements designed to work with the new tractor include a 12-inch plow, 3-row drill planter, 5-foot mower, single row cultivator, double row cultivator, 30-inch single row bar cultivator, independent gang cultivator and vegetable beds. Power driven seeder for truck crops and ground driven seed.

Regular pull-behind implements include a 5-foot disc harrow, traction peg tool, harrow and traction spring tools barrow.

CENTRE STREET — NAPANEE

Trudeau Motors Limited are pleased to announce the official opening of two new garages at Station Belleville, and Centre St., Napanee . . . a further extension in our service to the motoring public. Our Belleville Station St. Garage was especially designed and constructed to render service to the Bus and Tractor owners and operators in the district. The building has been provided with extra doorways, 18 feet wide by 14 feet high to make easy access to the largest truck or bus. The equipment throughout the building is of the heavy duty type and the most up-to-date available. No job is too large or too small. You'll get fast, efficient service at this modern truck service centre. . . . Five service trucks available to render fast road service.

for

BELLEVILLE and HASTINGS COUNTY

**Now ready to serve you better—
BELLEVILLE'S MOST COMPLETE
AUTOMOTIVE CENTRE!**

FOR A THOROUGH GREASE JOB, take your car or truck to Trudeau's modern lubrication department. They are equipped to service any wheelbase from the smallest car to the largest truck.

Here's where you'll get the kind of motoring service you like—fast, efficient and economical! This new modern automotive centre has everything to offer in up-to-date service—convenient location—plenty of parking space—wide doors allow easy entrance and exit (for even the biggest truck)—large, bright Service Department, carefully planned for efficient service—24 factory-trained mechanics with years of experience in all fields of automotive servicing and 20 fully-equipped stalls for fast, individual service.

Other Trudeau services include—body repairing and painting—axle and frame straightening—wheel aligning and facilities for the complete servicing of any truck on the road. A Service Fleet consisting of 3 Tow-trucks, 3 Service-trucks and 1 Parts truck is available for quick day or night service.

Try Trudeau's next time your car or truck needs service. Whether it's a major overhaul or just a minor adjustment, you'll get the kind of service you like—fast, efficient and economical.

PARTIAL VIEW of the large, bright Service Department planned for your convenience. The complete absence of pillars makes it easy to drive around the floor. Big doors allow ample clearance for the largest truck or bus.

Musial's Hitting, Brecheen's Pitching Project Cardinals Back in Thick of N.L. Fight

By JOE RESCHLES
(Associated Press Sports Writer)

National League clubs are finding out that a team blessed with 400 batsmen and 400 pitchers is tough to beat.

It was this combination that paved the way for the 5-1 victory St. Louis Cardinals hung upon the National League—led by Braves in Boston.

The first half of the combination—slashing Stan Musial stroked five consecutive singles and two doubles in the first half-inning to lead off the batting average to .403. His fifth hit came in the ninth with the bases loaded to drive in a couple of mates and snap a 5-0 tie.

The other half—Harry (The Cat) Brecheen—won his eighth game of the year. He lost two in his seventh victory in eight decisions under the lights in St. Louis.

The triumph put the three-place Cardinals behind the first-place American League home run leaders, the Yankees.

The American League pair—winners, Cleveland and Philadelphia—were tied for the margin over the runner-up, Yankees in 1949. The Cardinals, who had won 100 games in 1948, were tied for the American League home run leaders.

The Cardinals' 100th—leading home run with Hank Sauer on the bench in Philadelphia—was a victory over the Phillies in a 10-4 win in Philadelphia. Earlier in the game, Sauer had smacked his first home run in the season, a record lost to a right-handed Cincinnati batsman.

Earl Womack's first major league home run in Washington snapped a 5-4 victory over Detroit in the first inning.

A four-run eighth inning helped Philadelphia Athletics beat St. Louis Browns 9-4. Earl Smith was the hero in the eighth, driving in three runs with a home run.

St. Louis had lost four games in the last week, including a 10-0 loss to the Chicago White Sox.

Batawa Shoemen Defeat Ottawa in Ninth Frame

By JOE RESCHLES
(Associated Press Sports Writer)

In a marvellous finish Batawa Shoemen consolidated their second position in the C.C.L.A. when they defeated the Ottawa Senators 4-3 in the ninth frame of the C.C.L.A. final on Tuesday night.

The game was tied 3-3 at the end of the eighth frame when the Senators had the lead. The Batawa Shoemen had the lead 3-2 in the ninth frame.

OBITUARY

LATE DANIEL GILBERT (Continued)

The funeral of Daniel Gilbert was held on Wednesday afternoon at the Catholic Funeral Home, 100 St. George Street, at 2:30 p.m.

FRANK J. NATHAN (Continued)

FRANK J. NATHAN, a former well-known resident of this city, and a member of the Belleville Police Force, died at his home, 120 Wood Avenue, South, this morning.

The late Francis (Frank) James Nathan was born on June 10, 1900 and served with a commission in the Belleville Police Force. He was a member of the Belleville Police Force.

Following a swelling afterthought, Belleville residents had temporary relief from the humid weather.

Surviving him are his wife, Mary Elizabeth, a former member of parliament, and a former member of parliament.

Mr. Nathan was born on June 10, 1900 and served with a commission in the Belleville Police Force. He was a member of the Belleville Police Force.

Huge Citrus Crop in Florida Causes Many Problems

(By John H. McWayne in the Wall Street Journal.)
The citrus fruit industry has produced just into a first class crop.

Grapefruit, in the heart of the Florida citrus belt, is selling as low as two cents a box (15.50 bushels) "on the tree." It comes over 25 cents a box to produce.

Orange growers will get less than a third as much for their fruit this year as they did at the last season, three years ago.

A 40-acre grove of oranges and grapefruit sold a short time ago for \$800 on 25 acres. During the week it would have brought a whopping \$2000 an acre.

These are symptoms of the problem plaguing citrus growers in the "sunshine" state. The problem: Overproduction.

Labeled, Crop
In the crop year ending July 31, Florida will pick the largest citrus crop in its history. Growers predict it will total 91 million boxes, but some think 9 million boxes don't count because of the low price. The top crop prior to the war was 56 million boxes in 1929.

That this mountain of fruit is being piled on the cash registers of growers is evident from the way prices have melted this season. Canaries, for instance, today are paying five to 10 cents a box "on the tree" for most fruit to be made into juice.

compared with an average of 41 cents last year. For the season they'll probably average about 15 cents a box compared with the low of 3 cents.

Grapefruit sold from this year will average about 30 to 40 cents a box "on the tree" or just enough to cover growing costs. Last year, growers averaged 40 cents a box.

But it's the future that worries citrus growers. From here on, production will really move into high gear. Trees planted during the war years of fewer citrus profits will swell output to 125 million or 150 million boxes within five years. It's estimated by Florida's Citrus Commission.

Practical growers, however, have no intention of giving into the economic misadventure—without a fight. They're marshaling an arsenal of new weapons to throw into the fray.

Among these are new, better marketing methods designed among other things, to help growers obtain more favorable prices for their fruit.

A drive to blanket railroad tracks with citrus fruit, building lobbies and other public places with citrus fruit, and making an accelerated advertising program to extend the value of Florida-grown oranges and grapefruit.

CHS pickets with gas masks march past the townspeople to dance in effort to promote anti-strikebound 30 Joseph H. Burns at Walcott. The strikers built a dance floor on the dock, laid out the port for the union.

Atomic Poisons May Hang Around For Many Years

Chicago, June 23. (AP)—Atomic poisons, which, Dr.

Stafford Warren says may hang around dangerously for many years, were explained Tuesday. Dr. Warren, one of the top medical scientists of the Manhattan district and the atomic bomb, advised delegates at the American Medical Association convention pictures of how these poisons work. All of them are radioactive atoms and nearly a dozen are deadly poisons if they get inside the body.

He said that after an atomic bomb war the poisons would fall into water supplies and areas where food is growing. They would be a risk to life, he said, unless doctors learn what to do. These atomic things are now poisons. They would take, Dr. Warren said, probably 15 years to cause sickness or death. He said it will require 15 years of scientific experiments to learn just how much of them people can be allowed to breathe in or eat without risk.

Homebound Bound—14-year-old "ANG" Christie, inmate paroled victim from the Caribbean island of Tobago, bids farewell to one of his favorite inmates, Margaret Warren of Toronto, all right, as he leaves the Hospital for Sick Children at start of his flight to Trinidad. With him is Miss Dorothy Cramer, director of the Junior Red Cross, Ontario Division. Six months ago, Ang was hopelessly crippled. Now he walks with the help of a cane he'll soon be throwing away.

Citizens Demand Repairs to Clock

Edmonton—(CP)—The post office's striped clock is in condition again but for a week building officials were "on edge" by Edmontonians, who apparently used the timepiece as their own, to fix it when it was broken down.

Armed with the watchmaker who finally repaired the minute hand, yet not small, "Big Ben," is Canadian National Railway watch inspector for Edmonton. He said the mechanism "is just as intricate and sensitive as any watch."

It's just bigger that's all." Installed 45 years ago when the Post Office was built, the clock received its first overhaul in 1927. And even then little was needed. Watchmaker Dan McPerson, who took over the clock normally, said he had not been able to do repairs for a week because the phone rang all the time. "I sure didn't know how many people watched the post office clock that closely."

TOO HOT TO COOK? SERVE Libby's

No matter how high the thermometer soars, your family needs at least one hot, nourishing meal every day. And Libby's Deep-Browned Beans fills the bill exactly—for you and for them. There's no need for you to spend long hours cooking. Just reach for a tin of Libby's, heat, and they're ready to serve—ready to tempt family appetites with a through and through goodness never before equalled in beans. Drenched in Libby's own salty tomato sauce, rich with nourishing proteins, Libby's Deep-Browned Beans are truly unsurpassed. Serve Libby's often because they're nourishing, economical, easy-to-serve.

Ready? Your family has it! You don't want that others' Deep-Browned Beans on the table. Libby's Beans are the only ones.

Libby's
DEEP-BROWNED BEANS

it's TIDE
... you've never used anything like it!

TIDE does what's never been done before—washes clothes cleaner than any soap, yet leaves clothes brighter! It's a true washday miracle, the possible outcome of wartime research. You'll know you're using a completely NEW product the minute you make suds with Tide. Tide suds look different, feel different... and those wonder suds just laugh at hard water! Even in hardest water they billow up so thick and fast you'll be amazed!

ONLY Tide DOES ALL FOUR!

- 1. Washes clothes cleaner!**
Yes, cleaner than any soap made! You'll get a real washday thrill when you use your first Tide wash. Everything comes cleaner—more girly play clothes and heavily soiled work clothes. That's because Tide not only leaves clothes free from ordinary dirt, but actually removes dingy soap film as well!
- 2. Actually brightens colors!**
Color brightens perks up like magic as Tide makes dulling away film disappear. Washable prints and patterns actually come out brighter with Tide! Tide is really safe for your dainty washable colors!
- 3. Never "yellows" white things!**
What a blessing for your shirts, sheets, and pillowcases! No matter how often you wash them, no matter how long you store them, Tide can't turn them yellow!
- 4. Gives more suds—**
Proves it in your dream!

Kind-to-hands suds! Faster suds! Long-lasting suds than any soap in hardest water! Tide cuts grease like magic... washes clothes cleaner than any soap! No harm in the water! No greasy ring around the pan! No cloudy film on dishes and glasses! That's why they rise and dry so quickly clear—over, under, out, wiping!

TIDE'S IN-DIRT'S OUT!

TIDE WORKS EXTRA MIRACLES IN HARD WATER! OCEANS OF SUDS! NO WATER SOFTENERS NEEDED!

Drug Traffic War Pursued by U.N. Throughout World

Lake Success, New York (AP) — The United Nations are carrying on a war against drug smugglers and clandestine manu-

facturers in Mexico and China. It has been a real war, involving use of troops and airplanes. In Canada, the United States, India and several other countries, it is the continued cold war of the customs and "harvesting" agents against the smugglers.

The Chinese government mobilized as many as 20,000 troops to fight the drug war in the border areas of India and Burma. In places, scores of Indian and Chinese soldiers were killed.

Reports of these activities regularly were sent to a very powerful United Nations organ, the Economic and Social Council. The council is the direct overseer of the commission. This body, in turn, informed many of the nations of the League of Nations in the field of narcotics control.

More than 40 countries have accepted agreements made under the League of Nations, still over 100 nations are not members. The United Nations is now working to control use and production of synthetic drugs — not covered in previous accords — now are being developed.

China reported as results of a six-year campaign to suppress the cultivation of the type of poppy which yields opium.

Yee-Ming, thought they had a good thing and refused to give it up. The war is large and communications are bad, except for the mysterious means used by the thousands of opium laborers. This year the government sent some 50,000 troops into the region and succeeded in destroying the plantations.

However, the Yee-Mings simply pick up their tents and move elsewhere to begin again. The war is perfectly suited to the poppy and their job is easy.

Mexico did not request aid in just wanted Canadian and United States co-operation because of rising in the north. They were concentrating trade. They often in United States to cheap, about \$10 a pound, but the value is about what it does up in Canadian or United States ports.

THE ONTARIO INTELLIGENCER, THURSDAY, JUNE 14, 1945

MYSTERY SOLVED

Indian Hatter, 1944. — (CP) — A nine-year-old mystery case reported cleared up here when a police constable found remains of clothing and the skeletons of two children.

The bodies were believed to be those of James Kerrigan, 11, and his seven-year-old brother who were lost in a blinding snowstorm Feb. 4, 1935.

"THE STORE THAT MAKES A HOUSE A HOME"

U.S. Congressman Says Communists Loose in Country

By G. BLACKBURN
(Canadian Press Staff Writer)

Washington (CP) — Red-hunting congressman John McMillan, (Rep.-Pa.) has named as even 50 "Communist" agents operating "out" over the nation. He says, can preach their doctrine in the United States and are likely to be freed for years. He put their names on the Congressional record and asked the administration to act under 2 separate laws on the statute books which are directed against subversive acts in this country.

McMillan, first vice-chairman of the House Un-American Committee, ordered "out" over the nation and said: "to assist the attorney-general in a test case against William Z. Foster, leader of the Communist party in the United States, on sedition charges."

The 25 mentioned by McMillan were described as "allies of all persons who are Communists and all of whom are waiting a hearing on deportation from this land while they baste so thoroughly and whose government they have been condemning and cursing and attempting to weaken for many years." The names were not of well-known people.

He dealt specifically with two whose names were not on his list: Foster and Gerhart Eiler, a German who was described by Director J. Edgar Hoover of the Federal Bureau of Investigation as "No. 1 Communist in the United States." He was convicted of passport fraud and sentenced to jail for from one to three years. An appeal on that case is pending. He was held in custody in Ellis Island because of subversive speeches, but was released on a technicality.

There is no indication when Fane in France will be disposed of and McMillan is free to go about as with McMillan said, "preaching sedition and treason."

Foster appeared recently before the Senate committee hearing opinions on the Mundt Bill for control of Communists and other subversives. He said the committee's inquiry that he was in the United States since it became law.

"Our billions are even now going to Europe and Asia to help other people control Communism," McMillan said.

"If the action of William Foster was so unopposed by the United States government, we had better give those billions for the inevitable trouble we are going to have to face."

"It is all upon the attorney-general to immediately bring to the attention of the Senate the head of the Communist party of the United States," he said.

"Over 100,000 people have knowledge of the names of those who are in the United States and are going to have to face."

"If a charge is needed to swear to all upon regarding these charges of sedition I fear the attorney-general will have to name and out."

Promotes Welfare Of Three Million In South Pacific

By LEON ROODE
(Canadian Press Correspondent)

The South Pacific Commission, an effective administrative to provide the welfare and advancement of the 2,000,000 natives of the South Pacific islands.

The commission comprising six nations, Britain, United States, France, Holland, Australia and New Zealand, was formed to improve the lot of the islands.

First step towards this Pacific "get-together" was taken after the signing of the Atlantic Pact, a mutual defense pact between Australia and New Zealand.

Prime Minister Peter Fraser of New Zealand, enthusiastically supported Dr. H. V. Ewart, Australian external affairs minister.

When the matter was brought up again in January, 1941, all six nations interested in colonial development and administration in the Pacific Islands unanimously supported the proposal for a permanent commission.

Although the Pacific natives speak different dialects and have different racial customs, their problems relating to health, agriculture, education, transport, agriculture are the same.

Before the Second World War little or nothing was done to coordinate administrative policy of the 17 native territories that form the South Pacific group.

As soon as the commission was set up on July 1st this year it set to work behind closed doors to make a well-planned study of the best technical knowledge and scientific research available to the furtherance of the natives.

In a report issued at the commission it was announced that the commission had introduced measures to introduce immediately:

Specified crops output by the use of more and better machinery, more ships to encourage export and relieve goods shortage; training in scientific trade and modern agricultural practices; policies designed to improve the present inadequate supplies; improved health of mothers and babies; stimulation of education by radio and films.

It was stated that officers with the best scientific and technical brains would be sought to fill permanent positions on the commission's research council.

A secretary-general, a deputy secretary-general and a deputy chairman would be appointed and total cost of the venture would be shared by the six nations concerned. A working fund of \$2,000,000 would be established.

Specified crops of the permanent commission would be either at New or Singapore. A special visit would be made by a committee to make the final choice. The next session would be held at Sydney, in October 1942.

Ont. Penny Bank To Cease Operating

(Toronto) — (CP) — The Penny Bank of Ontario, which once had 10,000 children, is now to be liquidated.

Accounts of over one dollar will be transferred to the Post Office Savings Bank. Others, the liquidated accounts under one dollar will make up the gift to the hospital.

The institution traces its history to penny savings banks in Toronto operated before 1900 by the Ontario Savings Bank.

Under the act a guarantee fund of at least \$100,000 was to be established by any who continued to have their funds banked by them from the unsalaried directors were chosen.

In 1929 about 100,000 children in 131 Ontario schools had \$1,000,000 on deposit. In 1942 deposits were limited to \$200 so that the children could purchase war savings stamps and certificates.

School teachers' enthusiasm for the bank waned at the end of the war. They said considerable time was required to receive the small deposits and that classroom space was needed for the bank's major reason for the bank's closing was the impossibility of paying interest to the child depositors because of reduced interest rates on investments.

COAL SAMPLES EXPORTE
Drumblair, Alta. — (CP) — A small mine of Alberta coal, furnishing the centre-piece of an advertising folder outlining some of the province's industrial potential has been sent to 13,000 industrialists throughout the country. Each in a tool coat sack, the samples weigh up to 20 pounds of top-quality coal.

to the Hospital for Sick Children in Toronto. Accounts of over one dollar will be transferred to the Post Office Savings Bank. Others, the liquidated accounts under one dollar will make up the gift to the hospital.

The institution traces its history to penny savings banks in Toronto operated before 1900 by the Ontario Savings Bank.

Under the act a guarantee fund of at least \$100,000 was to be established by any who continued to have their funds banked by them from the unsalaried directors were chosen.

In 1929 about 100,000 children in 131 Ontario schools had \$1,000,000 on deposit. In 1942 deposits were limited to \$200 so that the children could purchase war savings stamps and certificates.

School teachers' enthusiasm for the bank waned at the end of the war. They said considerable time was required to receive the small deposits and that classroom space was needed for the bank's major reason for the bank's closing was the impossibility of paying interest to the child depositors because of reduced interest rates on investments.

COAL SAMPLES EXPORTE

1,286 Will Attend Liberal Convention

Ottawa — (CP) — The 1,286 delegates to the August national convention of the Liberal party will arrive in Ottawa today for the annual gathering.

Convention officials decided to stick with the old parliamentary tradition — 81 delegates from each province and two double seatings from each of the territories.

Selection of delegates will be made by the party's regional and provincial associations, and the final list will be announced by the national executive committee.

Each group will select a delegate and a deputy delegate. The delegates will then elect a national executive committee.

Three officers from each group will be elected: a member of parliament, a member of provincial legislature, and a member of the national executive committee.

The national executive committee will be responsible for the party's platform and policies.

Fire Situation Under Control In North Quebec

Val d'Or, Que., June 24, (CP) — A fire which started at 11 a.m. today brought the fire situation under control in North Western Quebec.

Blazes which started in the town of Val d'Or, which is 120 km. from the city of Quebec, were quickly brought under control by firefighters.

Predicted Showers Threaten Third Postponement of Fight Between Two Joos in N.Y.

New York, June 15 (CP)—Predicted late afternoon and evening showers today threatened a third postponement of the world heavyweight boxing match between Joe Louis and Max Baer, scheduled for tonight at Madison Square Garden.

The two veteran fighters were scheduled to try again in a ten-round bout tonight at 10 p.m. EDT.

The forecast for Saturday is fair and cool. The 15-round title fight will be shifted to Sunday if conditions don't permit it tonight.

The two Joos are scheduled to meet at 8:30 p.m. at the time of the 15-round title fight. The two Joos are scheduled to meet at 8:30 p.m. at the time of the 15-round title fight.

Joe Louis returned to Pompano Beach, Fla. He said he would get up at 8 a.m. today, take a hike and then return into New York in the afternoon.

Max Baer is in the city. He planned some lumbering on his way to the fight. He said he would get up at 8 a.m. today, take a hike and then return into New York in the afternoon.

Royals Playing Best Brand Of Ball in League

(By The Associated Press)

Despite the loss of two of their best pitchers, Montreal Royals are continuing to play the best brand of ball in the International League.

The Royals lost left-hander Paul Minner and right-hander Hank Behrman via recall by the parent Brooklyn Dodgers this week following the brand of the team's losing camp of Jack Santa and rookie-leader Doc Newcombe and Clarence Poddolan.

Newcombe gained his fifth victory of the season last night, pitching the Royals to a seven-inning 7-1 conquest over Baltimore.

Sports Roundup

Species: *Quercus*

Kalamazoo, Mich., June 25 (AP). — Two of the best college baseball players that have turned up in years will stage a private dual contest between California and Yale meet for the second National Collegiate baseball championship... they're Hank Workman, Southern Cal. left fielder, and Al Quinn, Yale pitcher. Workman, a husky 22-year-old, can ride the ball a country mile as he proved in the western regional playoffs, doubling and two striking in 12 times up for .667 average and knocking in eight runs. Quinn, about the best pitcher in the east, was a star in five hit, 15 strikeout games against North Carolina and coming back for one relief inning in the final game...

lost. Creek topped the list with 10 votes. Toronto Oakdale; Donovon won from Mike Cassidy. Toronto St. Andrew. McKellar topped the list with 10 votes. Farley took Dr. M. J. (Mac) Gibson of Toronto, Canada; and Horvath edged Paul Paletti of Toronto.

One-half of a brother set, Dave Morland of North Bay triumphed over the other half but lost to McKellar in the second. Brother Bill took his first round match. The second round was a close one. Rockway, junior Canadian champion, lost a surprising 2-1 to the decision of the Rockchamps.

Another surprise was Jim Morland of Oakdale in the first round.

Another surprise was Jim Boeckel of the first round of the consolation flight. Boeckel is a former holder of the championship and was last year's medalist.

FREEDOM FROM
PUNCTURES
... and it's here at last!"**

PLUS Extra
Blowout Protection

Yes, for the first time in motoring history, you can now ride free from tire-trouble worries! B. F. Goodrich has produced a new, exclusive tire-tube combination that gives you blowout protection PLUS FREEDOM FROM PUNCTURES. Hear it in:

**The New E. F. Goodrich Silvertown Tire that
OUTWEARS PREWAR TIRES!**

Look at the broader, flatter tread of the new B. F. Goodrich Silvertown tire! It means greater road-gripping traction . . . safer stops . . . smoother riding . . . longer, more even wear. And *inside*, there are more and tougher cords . . . a 35% stronger body that minimizes sidewall flexing . . . gives you longer mileage, greater blowout protection.

**The New B. F. Goodrich Seal-o-matic Tube that
SEALS PUNCTURES AS YOU RIDE!**

Only B. F. Goodrich makes the new Seal-o-matic Safety Tube. And only Seal-o-matic tubes seal punctures instantly . . . permanently . . . as you ride! It has thicker, stronger walls that help absorb and distribute shocks, bumps and blows . . . protect you against premature tire failure and blowouts.

You can get longer mileage, greater blowout protection from the B. F. Goodrich Silvertown Tire with any standard tube. And Seal-o-matics can be used with any tire casing. But with both you get the blowout protection and freedom from punctures this great B. F. Goodrich tire-tube combination can give. For a Supercomfort ride, ask for the new B. F. Goodrich Extra Low Pressure Silvertown Tire. See your nearest B. F. Goodrich dealer today.

NOTHING TO INTERFERE

WITH EXPORT TO U. S.

Ottawa, June 28 — (CP) Trade Minister Howe said in Commons Thurs. there is no intention to interfere with the export of Ontario wheat to the U.S. at present.

However, he told W. Earl (PC — Dufferin — Simcoe) the question of exports to U.S. in the coming crop will depend on whether the international wheat agreement is signed.

Later, Mr. Howe told C. E. Stephenson (PC — Durham) that buckwheat, like other coarse grains, is under export control.

Suits in the Swim For A Fun-Full Summer

Women's "Velvure" Swim Suits

Styled by London, these swim suits of "Velvure" (Easter, rayon and cotton) are designed to hold the figure firmly and securely... notice the flattering shirred bustline, the neat anti-skin and adjustable shoulder straps. "Velvure" texture enhances the lovely colors which include white, black and yellow. "Slime 34 to 40 in the group." **3.95**

Islanders Vote In Favor of Liquor Sales

Charlotteville, June 29 (CP)—For the first time since 1878, Prince Edward Island's Monday voted in favor of liquor sales and it with a resounding majority of the vote.

With only a handful of the 229 polling booths still to report, preliminary results showed that the island's residents had voted in favor of liquor sales.

The government council decided to permit the sale of liquor in the island's 11 towns. The final outcome of the vote will be announced this week and will be a referendum on the island's liquor laws.

18 Brotherhoods Notify Railways of their intentions

35 Cents an Hour Increase Sought for Men by Unions

Montreal, June 29 (CP)—A strike which would paralyze Canadian railway transportation was set today for July 15 as 18 brotherhoods of railway workers notified the government of their intentions.

The workers, members of 18 international brotherhoods, have been seeking a general 35-cent-an-hour wage increase since last November.

The unions men, having made their announcement, could not be asked to discuss the matter until after the 15th of July.

Sports Roundup

By HUGH FULFORD, JR.
New York, June 2 (AP)—The standings show the Yankees are only one game out of the American League lead, but the series in the post season that is playing real as if the club was a chance to be picked a complete game since he joined the club in 1941, was given his last chance Sunday and it ended with him shutting out the Tigers — Now they're looking about twenty out for better than they were last year. The Yankees are looking about twenty out for better than they were last year. The Yankees are looking about twenty out for better than they were last year.

Things are tough as the Inter-provincial Box Lacrosse League is discovering. President Bill Bradley has called a meeting for tonight to consider the league's financial status. The only non-qualified entered in the tournament, John Robertson of Ansonia, Conn., completed the four-way split for eighth spot with an 8-5 tie.

A. W. (F.D.) Carter set the pace with an eight-over par 78 Monday, over his partner, M. H. Jones, to take a two-hole lead in the first round of the three-day, 54-hole New South Wales Golf Championship. The only non-qualified entered in the tournament, John Robertson of Ansonia, Conn., completed the four-way split for eighth spot with an 8-5 tie.

Today we Live in a Greater Canada

MORE JOBS for Young Canadians

TODAY CANADA'S manufacturing capacity has been increased — and diversified — to an extent never thought possible in pre-war years. Now Canada can do more — can make more — offers far more opportunities to young Canadians commencing their careers today. While established industries have been expanding, new ones have been springing up. Over 300 new products formerly imported are now being made here.

Field Whittled To 100 for Final Qualifying Tests

Maidstone, June 29 (AP)—The field in the British open golf tournament was to be whittled from 275 to a comfortable 100 today with final 18-hole qualifying tests.

Hamilton Tigers turned back Brampton, Ontario 11-10 in an Ontario Lacrosse Association game. Hamilton, Monday night in an Ontario Lacrosse Association game. Hamilton, Monday night in an Ontario Lacrosse Association game. Hamilton, Monday night in an Ontario Lacrosse Association game.

The National Hockey League Board of Governors has accepted the Art Ross trophy to be awarded annually to the circuit's top scorer starting with the 1946-47 season. It is to be presented by Arthur H. Ross, vice-president and general manager of Boston Bruins, and his son, Arthur, Jr.

EMPLOYMENT figures, too, tell the story of our emergence as one of the world's great industrial nations; today almost twice as many Canadians are engaged in manufacturing as there were before the war.

DEVELOPMENT continues on new plant and new equipment nearly four times as much as spent by Canadian industry last year as in 1930.

SEARCH FOR BODY OF WOMAN
Niagara Falls, N.Y., June 30.—(AP)—Police are searching for the body of a woman who was reported to have plunged from the Niagara Falls. Bridal Veil Falls into Battery.

Police said the woman was wearing a green dress. They gave out a list of clues and if anyone containing a card bearing the name of Fred C. Becker of Buffalo.

Becker later identified the body as his wife Sunday. He told Buffalo police his wife wore a green dress when she left to visit a friend.

RESIDUE FOR BROTHER
James J. Beck, 38, of Buffalo, stepped into the winding up of the Perry Bank of Ontario when he was announced in the Canada Gazette over the weekend.

A spokeswoman said the Perry Bank now had ceased to exist and that shareholders were and will receive enough money on Aug. 1 to pay off all outstanding debts.

Residents of Buffalo will be given the right to the hospital for sick children in Toronto.

Party Leaders Open Campaign In Que. Election

(By The Canadian Press)

Communism and financial co-operation with the Federal government were the main talking points of the night as the "big game" of three parties began in Quebec political campaign.

With the July 28 elections expected to be won by the three party leaders, Premier Duggan, Liberal leader, and the Union Nationale party, led by the Hon. Louis St. Laurent, and the Union Nationale party, led by the Hon. Louis St. Laurent, and the Union Nationale party, led by the Hon. Louis St. Laurent.

At the time of the election, the Union Nationale party, led by the Hon. Louis St. Laurent, and the Union Nationale party, led by the Hon. Louis St. Laurent.

The Premier said Communism was the main issue in the campaign.

Prime Ministers May be Meeting In October

(By JAMES HOOKE)

(Canadian Press Staff Writer)

London, June 28 (CP) — Prime Minister Macdonald told the Commons that it is "almost certain" that a meeting of Commonwealth prime ministers can be held in October.

Allen, acting secretary to the board of Commonwealth prime ministers, said that Prime Minister Macdonald would visit London in July.

At the time of the visit, Allen said that he had been in consultation with the other prime ministers for some time.

The difficulty has been in finding a time suitable for the prime ministers to meet in view of their heavy domestic responsibilities.

Allen said that he had been in consultation with the other prime ministers for some time.

AFTERMATH OF SASKATCHEWAN ELECTION RESULTS?

This photo of the Canadian Press room in the editorial department of the Leader Post, Saskatoon, was taken about 3 a.m. after operators had finished an estimated 25,000 words of coverage on the Saskatchewan provincial election to the world. Carbon paper, ticker tape and other assorted debris littered the floor after operators had labored for six hours. Results said Premier T.C. Douglas and his Socialists government returned, for a second term.

Looking Ahead in Ottawa:

U.S. Livestock Market If Opened to Canada Will be Real Bonanza

(By the Ottawa Staff of the Canadian Press)

Ottawa, June 28 (CP) — The American livestock market, when it is opened to Canadian beef cattle, will be a real bonanza.

Reports have been current for weeks that the government plans to lift the ban on cattle shipments to the United States. All the government will say is that negotiations to this end are making "good" progress.

It is understood that the government has decided the best time to open the market is in the fall.

Once the decision is made, the Canadian beef cattle producer stands to get a share of the market. Under the current trade agreement, the United States will allow 600,000 head of cattle into the market from this country.

Canada's share of this is about 200,000 head, says one participant in the trade.

But Mexico, unfortunately for the Mexican cattle producers and the industry for the Canadian, is fighting an epidemic of hoof-and-mouth disease.

The United States is overrunning American livestock regulations but the import of Mexican livestock and the Mexican cattle will go to Canada, with the result that Canadians will be able to ship the full 600,000 head allowed.

Parliament has noticed a trend toward a harder Senate which, with new members, may send more active than ever next session.

The government leader, Senator Wilfrid Robertson, told the Chamber of Commerce that the Senate is a body that it had done a great deal of work in the past.

Twenty-four government bills were introduced there, compared to 18 last year and eight in 1946.

The next session will probably see a lot of the present 15 vacancies filled.

Quake Casualties Prof. G.M. Wrong, Total Thousands Historian, Estimates State Dies at 88 Yrs.

By FRANK L. WHITE

Pukot, Japan, June 29 (AP)— Allied rescuers said today that the United States had lost 1,000 men, women and children in the world's deadliest earthquake. (A Reuters reporter quoted a military correspondent as saying 3,150 were dead and 7,715 seriously injured. The latter figure included the 1,000 who died at the island of Iwo Jima, where the city itself had 1,000 deaths.)

Those who went through the quake here said it was almost as if Pukot was hit by an "atom bomb" of 10,000 to 15,000 times the force of the atomic bomb.

The first tremors, burst water mains, fire flashes but authorities were helpless before the disaster without water.

Half the city, mostly wooden houses and structures, went down in the first tremor or so. Ninety was burned and scorched and twenty per cent of what was left went into rubble.

Greyness, Harukawa Ohta of Pukot Province estimated throughout the area that 1,150 Japanese were killed and 7,715 were injured severely. These totals include Pukot city, rebuilt from the ruins of a war zone 3-20 miles. It is 200 miles west of Tokyo.

Throughout the prefecture, the governor added, 30,721 dwellings of all types were wholly or partially destroyed.

During the first hours, 1,000 injured Japanese moved through an American first aid station here. British-Germans, U.S. Marines, in charge of the station, said about 15 per cent of the first thousand patients were hurt seriously.

Harrison said 38 bodies had been recovered. Sixteen of them were under a collapsed theatre and the balance under a meeting house.

Amazons Down
England by 489 in Second Match

London, June 29 (Reuters)— England won the second match by 489 runs in the second test match at Lord's. The match was the first match since the war.

England's 15th and last victory in the second test match was a score of 489 runs. The match was the first match since the war.

The match was a historic one, the first since the war. England's 15th and last victory in the second test match was a score of 489 runs.

Guerrillas Take Malaysian Town Leaders Spies Of West Powers

Singapore, June 29 (AP)— Two guerrilla bands striking from the Malayan jungle captured the town of Ipoh in Pahang State Monday night. The rebels set fire to the police station, then withdrew with at least five hostages. In a police station, after shooting up the town, which is 200 miles north of Singapore.

More than 40 persons have been killed in two months of fighting, British authorities blame on the communists.

A graduate of the University of Toronto and Wildlife College, the professor took part in graduate work at Oxford and Berlin. Upon completion of his university training he took orders in the Church of England and for ten years served on the staff of Wildlife Theological College, Toronto.

Following his retirement from his professional duties, Prof. Wrong devoted his attention to writing. He was the author of several text books used in Ontario schools and wrote numerous other scholarly works including "The Legends of New France," "The Life of Lord Kitchener" and "A Canadian Manner and his Belongings."

CBC Plans to Open 2 High-Powered Radio Stations

Toronto, June 29 (CP)— The CBC said today that it plans to open two new high-powered radio stations in September and to increase the power of transmitters at two other stations this year.

The 50-kilowatt stations will be CBN, Alberta, and CBW, Manitoba. Station CBN, Toronto, will soon operate with a 50-kilowatt transmitter and CBN, Chatham, Ontario, with a 10-kilowatt one.

The CBC will take over stations from the Maritime Telephone system July 1 and will operate it until the new equipment is fully tested.

Telephone Team Cops First Win Of the Season

As a Commercial Southall League double header, the Atlantic Field yesterday night the Bell Telephone copsed their first win of the season by downing the Bellevue Glass 5-3, while Moose Lodge upset Bougainville's Glass 4-3 under the lights.

A home run by Miller in the top of the first gave the Phones their first outplay and their side of the game. The game was a close one, with the Phones leading 3-1 in the top of the second. The Glass then scored twice in the bottom of the second, but the Phones held them. In the top of the third, the Phones scored again, and in the bottom of the third, the Glass scored. The game was a close one, with the Phones leading 3-1 in the top of the second. The Glass then scored twice in the bottom of the second, but the Phones held them. In the top of the third, the Phones scored again, and in the bottom of the third, the Glass scored.

more on a single, and an error led off the sixth with a single and then smacked a long hard one into deep right field that was bobbled by the fielder. Carson rapped all the way home on the error.

W. Fitzgibbon, hurling in a losing cause for the Glass, struck out one, walked two, and gave up six hits for four runs. Galpin went the route for the Phones, striking out three, walking one, and driving to slant hits for two runs.

The line up:
Bougainville: Jones, ss; Ryan, 1b; Fitzgibbon, 2b; McPherson, 3b; Galpin, 4th; Miller, 5th; Miller, 6th; Miller, 7th; Miller, 8th; Miller, 9th.

Score by innings:
R H E
Bougainville 11 000 0-3-11
Phones 000 000 0-3-3

Umpire - F. Lee; bases on balls - 1; strikeout - 1; error - 1. The Glass scored twice in the bottom of the third as Coates walked and scored as Means drove a foul banger to left field. Carr continued for a triple but was held at third and did not score.

36 Canadian Army Officers Attend Courses

Ottawa, June 30 - Fifty-six Canadian Army officers have been selected to attend the forthcoming staff course at the Canadian Army Staff College, Kingston, Ont., or the Staff College, Camberly, England, and the Australian Staff College, Army Headquarters announced today.

The line up:
Bougainville: Jones, ss; Ryan, 1b; Fitzgibbon, 2b; McPherson, 3b; Galpin, 4th; Miller, 5th; Miller, 6th; Miller, 7th; Miller, 8th; Miller, 9th.

Score by innings:

ROYALTY VISITS LONDON HOUSING PROJECT

Princess Elizabeth and her husband the Duke of Edinburgh, are shown walking through the Cherry Orchard housing estate in Green-wich, South London, as they receive the freedom of the borough. Commandant Noel Whitcomb of the London Daily Mirror stated this week that he understood Princess Elizabeth was preparing to have her baby, expected later this year, without an anaesthetic. Child-hood with or without an anaesthetic is a matter of controversy in Britain at 028 moment.
